

# AR SERIES SMALL BASE TAPER CRIMP DIE SETS - RCBS 6.8 REMINGTON SPC FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

A must for the progressive reloader. The RCBS AR Series Die Set features a Small Base sizing die and a Taper Crimp seating die. This combination makes reloading easier for AR-style or semi-auto shooters. The Small Base sizer guarantees that the cartridge will rechamber. The Taper Crimp Seater is more forgiving when various case lengths are loaded at the same time. Case neck crimp bulges and buckled shoulders are virtually eliminated when Taper crimping is used with cannelured bullets.

# Safety Instruction Guide for AR Series Small Base Taper Crimp Die Sets RCBS 6.8 Remington SPC Full Length Die Set

## Introduction

Thank you for choosing the AR Series Small Base Taper Crimp Die Sets by RCBS. This product is designed for progressive reloaders and is essential for ensuring safe and effective reloading of 6.8 mm Remington SPC cartridges. This guide provides important safety instructions and guidelines to help you use this product safely and effectively.

## General Safety Guidelines

- Always read and understand the instructions before using the die set.
- Keep the die set out of reach of children and vulnerable individuals.
- Use the die set only for its intended purpose as described in the manual.
- Ensure your workspace is clean and organized to prevent accidents.
- Wear appropriate safety gear, including safety glasses and gloves, during the reloading process.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Improper use of the die set may lead to cartridge malfunction or injury.
- Handling of reloading components can pose risks if not done carefully.

### • To Avoid Hazards:

- Always ensure the die is securely mounted before use.
- Never attempt to modify or alter the die set.
- Inspect all cartridges for defects before reloading.
- Use only recommended components (bullets, powder, primers) with this die set.

### • Age Specific Warnings:

- This product is not intended for use by individuals under the age of 18. Adult supervision is required for younger users.

## Instructions for Installation and Usage

### • Installation:

1. Ensure that your reloading press is compatible with the RCBS die set.
2. Securely mount the sizing die in your reloading press according to the manufacturer's instructions.
3. Follow the same procedure for the Taper Crimp seating die.

### • Usage:

1. Begin by sizing the cases using the Small Base sizing die. This ensures that the cartridge will rechamber correctly.

2. After sizing, inspect each case for defects.
3. Load the appropriate powder and bullet into the case.
4. Use the Taper Crimp seating die to seat the bullet. This die is designed to accommodate various case lengths and helps prevent crimp bulges.
5. Ensure the crimp is applied evenly and securely to the cannelured bullets.

- **PostUsage:**

- Clean the dies after use to maintain their functionality.
- Store the die set in a dry, safe place away from children.

## **Disposal Instructions**

- Dispose of any defective or unusable components according to local regulations.
- Do not throw away the die set in regular trash. Check with local authorities for proper disposal methods for metal and reloading components.

## **Contact Information for Further Support**

For any safety inquiries or further support, please refer to the manufacturer's contact details provided with the product packaging. It is important to have access to this information for any questions or concerns regarding the safe use of the die set.

By following these guidelines and instructions, you can ensure a safe and effective reloading experience with the AR Series Small Base Taper Crimp Die Sets. Always prioritize safety and stay informed about best practices in reloading.
