

AR SERIES SMALL BASE TAPER CRIMP DIE SETS - RCBS 30-06 SPRINGFIELD FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

A must for the progressive reloader. The RCBS AR Series Die Set features a Small Base sizing die and a Taper Crimp seating die. This combination makes reloading easier for AR-style or semi-auto shooters. The Small Base sizer guarantees that the cartridge will rechamber. The Taper Crimp Seater is more forgiving when various case lengths are loaded at the same time. Case neck crimp bulges and buckled shoulders are virtually eliminated when Taper crimping is used with cannelured bullets.

Safety Instruction Guide for AR SERIES SMALL BASE TAPER CRIMP DIE SETS RCBS 3006 SPRINGFIELD FULL LENGTH DIE SET

Introduction

Thank you for choosing the RCBS AR Series Small Base Taper Crimp Die Sets for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this manual carefully before use to understand the potential hazards and safety precautions.

General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading equipment before use.
- Always wear appropriate safety gear, including safety glasses and gloves, when reloading ammunition.
- Keep your workspace clean and organized to prevent accidents.
- Store all reloading components, including dies, powder, and primers, in a secure location away from children and unauthorized users.
- Regularly inspect your equipment for wear or damage. Replace any damaged parts immediately.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the maximum load specifications provided by the manufacturer.
- Always ensure that the die is properly installed before use to prevent malfunctions.
- Avoid using damaged or wornout components in your reloading setup.
- Be cautious of the potential for lead exposure; wash your hands thoroughly after handling lead bullets.
- Keep flammable materials away from your reloading area.
- Use the dies only for their intended purpose. Do not modify or alter the dies in any way.
- Ensure that the cartridge cases are clean and free of obstructions before resizing or crimping.

Instructions for Installation and Usage

Installation

1. **Prepare Your Work Area:** Ensure your reloading area is wellventilated and free from distractions.
2. **Gather Tools:** Have all necessary tools on hand, including a reloading press, shell holder, and the die set.
3. **Install the Sizing Die:**
 - Remove the lock ring from the sizing die.
 - Insert the die into the press and secure it by tightening the lock ring.
 - Adjust the die to the desired position for proper cartridge sizing.
4. **Install the Taper Crimp Die:**
 - Follow the same procedure as above for the taper crimp die.
 - Ensure it is set correctly for the cartridge you are loading.

Usage

1. **Resizing Cartridges:**
 - Insert a clean cartridge case into the shell holder.
 - Raise the ram to engage the sizing die. Lower the ram to complete the sizing process.
2. **Seating Bullets:**
 - Place a bullet on the charged cartridge case.

- Insert the cartridge into the taper crimp die and raise the ram to seat the bullet.
- Adjust the die as necessary to achieve the desired crimp.

Disposal Instructions

- Dispose of any unused or excess reloading materials in accordance with local regulations.
- Do not throw away hazardous materials, such as primers or powder, in regular trash.
- Contact local waste management authorities for guidance on the proper disposal of hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the use of your RCBS AR Series Small Base Taper Crimp Die Sets, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety guidelines and instructions, you can ensure a safe and successful reloading experience. Thank you for prioritizing safety in your reloading activities.
