

BREAK-FREE CLP - 16 OZ. TRIGGER SPRAY CLP

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Lubricant & Protectant Oils](#)

Outstanding, All-In One, Cleaner & Lube

Break Free® CLP® is the gold standard solution requiring only one step to clean, lubricate and protect your firearm. More than a superior lubricant, CLP cleans firing residue and other contaminants from the bore, moving parts, and exterior of firearms while simultaneously reducing friction and protecting from corrosion. The CLP formula does not deteriorate under high temperatures or extreme pressure. CLP is engineered from the highest-quality synthetic oils and esters, corrosion inhibitors, and anti-wear additives. Break Free CLP is the ideal all-in-one formula to service and preserve your firearm. **CLEANS:** Break Free CLP has a special cleaning action that breaks loose dirt and corrosion that can damage the metal. Special penetrating formula displaces trapped grit and frees sticky, rusted, or corroded mechanisms. **LUBRICATES:** Break Free CLP has superior lubricating qualities that keep parts working smoothly. CLP's proprietary formula contains multiple ingredients for improved boundary film strength that reduces friction, retards wear, and stops the build-up of foreign matter. **PRESERVES:** Break Free CLP provides a long-lasting protective coating that shields all metals from rust and corrosion. Originally developed for the U.S. Military and proven in the world's most extreme conditions Break Free® CLP® is the gold standard formula for the ONE STEP lubricating and protectant firearm solution. More than a superior lubricant, CLP actually cleans firing residue and other contaminants from the bore, moving parts and exterior of firearms while simultaneously reducing friction and protecting from corrosion. Performs in temperatures ranging from -65 F to +475 F, and after saltwater immersion. Reduces metal-to-metal wear by protecting treated surfaces with an advanced boundary film. Does not deteriorate under high temperatures and extreme pressure - other brands may contain wax-based materials that will degrade and solidify into a gummy residue. Protects metals with special rust inhibitors.

Attributes

- Name: [16 OZ. TRIGGER SPRAY CLP](#)
- Manufacturer: [BREAK FREE](#)
- Product no.: 102100016
- Mfr. No.: 1009236

BREAKFREE CLP 16 OZ. TRIGGER SPRAY CLP

Safety Instruction Guide

Introduction

Thank you for choosing BREAKFREE CLP 16 OZ. TRIGGER SPRAY CLP. This product is designed to clean, lubricate, and protect your firearm effectively. To ensure your safety and the safety of others while using this product, please read and follow the safety instructions provided in this guide.

General Safety Guidelines

- Ensure safe use of the product by following all instructions carefully.
- Be aware of potential hazards associated with the product, including risks from improper use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for product recalls and updates through the EU's Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use in a wellventilated area to avoid inhaling vapors.
- Avoid contact with skin and eyes. In case of contact, wash thoroughly with soap and water.
- Do not ingest the product. If swallowed, seek medical attention immediately.
- Keep away from open flames and heat sources, as the product is flammable.
- Store in a cool, dry place away from direct sunlight.
- Ensure that the trigger spray mechanism is functioning properly before use.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Shake the canister well before use to mix the contents.

2. Application:

- Hold the trigger spray approximately 612 inches away from the surface you wish to treat.
- Spray a thin, even layer onto the bore, moving parts, and exterior of the firearm.
- Allow the product to penetrate and clean for a few moments.

3. Cleaning:

- Wipe off excess residue with a clean, dry cloth.
- For heavily soiled areas, repeat the application as necessary.

4. Lubrication:

- After cleaning, apply a light coat of BREAKFREE CLP to all moving parts to ensure smooth operation.
- Avoid overlubrication, which can attract dust and debris.

5. Protection:

- Ensure the firearm is coated with a protective layer of CLP to guard against rust and corrosion.

Disposal Instructions

- Dispose of empty containers and any unused product in accordance with local regulations.
- Do not dispose of the product in household waste or down the drain.
- Check with your local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of BREAKFREE CLP, please contact the manufacturer directly. Ensure you have the product details on hand for a more efficient response.

By following these guidelines, you can ensure safe and effective use of BREAKFREE CLP 16 OZ. TRIGGER SPRAY CLP. Thank you for prioritizing safety while maintaining your firearm.
