# Safety Instruction Guide for 14.5" M4 SOCOM Barrel Assembly

## Introduction

Thank you for choosing the 14.5" M4 SOCOM Barrel Assembly. This product is designed for use with AR15 platforms and is built to meet high standards of quality and performance. To ensure your safety and the safety of others, it is important to follow these guidelines carefully.

## General Safety Guidelines

- Always handle firearms and firearm components with care. Treat every firearm as if it is loaded.
- Ensure that the product is used in accordance with all local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Always wear appropriate safety gear, such as eye and ear protection, when using firearms.
- Be aware of your surroundings and ensure you have a safe backdrop when discharging a firearm.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the barrel assembly is compatible with your firearm model before installation.
- Inspect the barrel for any signs of damage or defects before use.
- Do not exceed the recommended cartridge specifications (5.56 mm NATO) when using this barrel.
- Always use a properly functioning muzzle device that is compatible with 1/2"28 threads.
- Avoid using the barrel in conditions that may cause overheating, such as rapid firing without breaks.
- Be cautious of the potential for ricochet when firing in certain environments.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is completely unloaded before beginning installation.
- Gather all necessary tools, including a barrel nut wrench and torque wrench.

### 2. Installation:

- Remove the existing barrel from the firearm, following the manufacturer's instructions.
- Place the new 14.5" M4 SOCOM Barrel Assembly into the upper receiver, ensuring proper alignment with the M4 feed ramps.
- Install the barrel nut according to the manufacturer's specifications, using the barrel nut wrench to secure it in place.
- Attach the front sight tower and sight post if applicable. Note that the stripped model does not include these components.
- Ensure that all components are secured and properly aligned before proceeding.

### 3. Usage:

- After installation, conduct a function check to ensure that the barrel assembly operates correctly with your firearm.
- When firing, maintain a firm grip on the firearm and ensure a stable shooting position.
- Monitor the barrel for any signs of overheating or wear during use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding firearm components.
- Ensure that the barrel assembly is rendered unusable before disposal to prevent misuse.
- Consider recycling options for metal components where applicable.

## **Contact Information for Further Support**

For any inquiries regarding safety or product information, please refer to the manufacturer's website or contact the designated EUbased contact point for assistance.
