

# M16 5.56 REPLACEMENT BARREL 20" - COLT M16 REPLACEMENT BARREL STRIPPED 20IN

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

## A Factory-Produced Replacement Barrel for Colt M16s

Of all the AR-15s on the market, probably none is more recognizable than those based on the iconic M16 rifle, originally produced by Colt. Now, the company is offering the same barrel profile as its original M16 design, giving builders a new barrel option and providing owners with an OEM replacement for their worn-out rifles. Each Colt M16 Barrel, chambered in 5.56 NATO, features six-groove rifling with a 1:7-inch rate of twist. The barrels include M4-style feed ramps and have a chrome lining that prevents corrosion. Each barrel is set up for a carbine-length gas system and features 1/2"-28 TPI threading at the muzzle. Colt's LE6933 AR-15 Barrels are produced in 20-inch lengths and are only available as a stripped barrel, complete with barrel extension.

## Attributes

- Name: [COLT M16 REPLACEMENT BARREL STRIPPED 20IN](#)
- Manufacturer: [COLT](#)
- Product no.: 160000518
- Mfr. No.:

# M16 5.56 Replacement Barrel Safety Instruction Guide

## Introduction

Thank you for choosing the M16 5.56 Replacement Barrel. This guide provides essential safety information and instructions to ensure the safe use and maintenance of your barrel. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Always handle firearms and firearm components with care, following all safety protocols.
- Ensure that the barrel is compatible with your firearm model before installation.
- Keep the barrel and all firearm components out of reach of children and unauthorized persons.
- Use appropriate protective equipment (e.g., safety glasses) during installation and handling.
- Regularly inspect the barrel for signs of wear or damage.
- Do not attempt to modify or alter the barrel in any way that could compromise safety.
- If you suspect any defects or issues, discontinue use immediately and consult a professional.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing the replacement barrel.
- Use only 5.56 NATO ammunition with this barrel.
- Verify that the barrel is properly installed and secured before use.
- Be aware of the potential for recoil and ensure a firm grip on the firearm when firing.
- Follow all local laws and regulations regarding firearm use and ownership.
- If you are inexperienced with firearm maintenance, seek assistance from a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools: barrel wrench, torque wrench, and any other required tools.
- Ensure a clean and safe workspace.

### 2. Installation

- Ensure the firearm is completely unloaded.
- Remove the existing barrel from the firearm using the appropriate tools.
- Align the new M16 5.56 Replacement Barrel with the receiver.
- Secure the barrel in place using the barrel nut, following the manufacturer's torque specifications.
- Check that the M4style feed ramps are properly aligned.

### 3. PostInstallation Checks

- Inspect the installation to ensure there are no gaps or misalignments.
- Perform a function check to ensure the firearm operates correctly with the new barrel.
- Clean the barrel before first use to remove any manufacturing residues.

### 4. Usage

- Always follow the manufacturer's recommendations for ammunition and firing practices.
- Monitor the barrel and firearm for any unusual signs during use, such as excessive heat or unusual

sounds.

## **Disposal Instructions**

- Dispose of the barrel in accordance with local regulations regarding firearm components.
- Do not discard the barrel in regular waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the M16 5.56 Replacement Barrel, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website for additional resources.

By following these guidelines and instructions, you can ensure the safe and effective use of your M16 5.56 Replacement Barrel. Thank you for prioritizing safety in your firearm practices.
