

# 1911 SLIDES - CASPIAN CARBON STEEL, RECON MODEL, NC SIGHT CUT, .45 ACP

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

## Superb Strength & Precise Tolerances For The Ultimate Combat Pistol

Custom-quality slides from Caspian, ready to be fitted to the frame of your choice. They start as high-quality forgings for extra strength, then are heat-treated to Rc 38-41 before machining for exceptional dimensional stability. Sides are polished, while the rest of the surface is bead-blasted for a non-glare, matte finish. Deep-cut, forward-angled rear cocking serrations prevent slippage when racking, even with a wet hand. Available in 4340 carbon steel (CS) and 416 stainless steel (SS) with .45 ACP, .40 S&W, and 9mm breechfaces. Commander and Officers models in .45 ACP only. Choose a slide without sight cuts (NC), or between two pre-cut dovetail options: a Novak Lo-Mount or Bo-Mar BMCS rear cut, both coupled with a Novak front cut. Recon slide is a Government slide with ball cuts at the front that line up with the light rail on the Caspian Recon frame (available separately). All slides require the use of a 9mm/.38 Super firing pin.

## Attributes

- Name: [CASPIAN CARBON STEEL, RECON MODEL, NC SIGHT CUT, .45 ACP](#)
- Manufacturer: [CASPIAN](#)
- Product no.: 168000130

# Safety Instruction Guide for 1911 Slides Caspian Carbon Steel, Recon Model, NC Sight Cut, .45 ACP

## Introduction

Thank you for choosing the 1911 Slides Caspian Carbon Steel, Recon Model, NC Sight Cut, .45 ACP. This guide provides essential safety instructions to ensure the safe use and handling of your product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that all safety precautions are followed during the use of this product.
- Always treat the slide as if it is loaded, even when it is not.
- Keep the slide and all firearms out of reach of children and unauthorized users.
- Regularly inspect the slide for any signs of wear or damage.
- Follow all local laws and regulations regarding the use and ownership of firearms.
- Store the slide in a secure location when not in use.
- If you are unsure about any aspect of the slide's use, seek advice from a qualified firearms instructor.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper handling may lead to accidental discharge.
- Failure to follow installation instructions may result in malfunction.
- Using incompatible firing pins can cause damage to the slide or firearm.

### • Avoiding Hazards:

- Always ensure the firearm is pointed in a safe direction when handling the slide.
- Do not attempt to modify or alter the slide in any way not specified by the manufacturer.
- Ensure that proper ammunition (.45 ACP) is used with the slide.
- Do not use the slide if it shows signs of damage or excessive wear.

### • Age Specific Warnings:

- This product is intended for use by individuals who are legally permitted to own and operate firearms.
- Ensure that only trained and responsible adults handle this product.

## Instructions for Installation and Usage

### • Installation:

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing slide from the frame according to the manufacturer's instructions.
3. Align the new slide with the frame, ensuring compatibility with the firing pin.
4. Securely attach the slide to the frame, following the manufacturer's specifications.

### • Usage:

- Always perform a function check after installation to ensure proper operation.
- Use the slide with a compatible barrel:

- Government model accepts 5" barrel.
- Commander model accepts 4.25" barrel.
- Officers model accepts 3.5" barrel.
- Verify that the slide operates smoothly and that all components are functioning correctly before use.

## **Disposal Instructions**

- Dispose of the slide responsibly and in accordance with local regulations.
- If the slide is damaged beyond repair, ensure it is rendered unusable before disposal.
- Consider recycling options for metal components where available.

## **Contact Information for Further Support**

For inquiries regarding safety or product issues, please consult the relevant local authorities or your point of purchase. Always ensure you are following the latest regulations and guidelines related to firearm safety and handling.

By adhering to the guidelines and instructions provided in this safety instruction guide, you can help ensure a safe and enjoyable experience with your 1911 Slides Caspian Carbon Steel, Recon Model, NC Sight Cut, .45 ACP. Thank you for prioritizing safety.
