

# NO-GO HEADSPACE GAUGES - CLYMER NO GO 223 REMINGTON HEADSPACE GAUGE STEEL

[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

## Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

## Attributes

- Name: [CLYMER NO GO 223 REMINGTON HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100241
- Mfr. No.: NG223REM
- Cartridge: 223 Remington, 6 mm x 45
- Colour: Steel
- Height: 0.355"
- Length: 1.623"
- Material: Steel
- Model Number: NO GO 223 Remington
- Style: No Go Gauge
- Weight: 0.1 lbs
- Width: 0.355"
- Delivery weight: 0.018kg
- Shipping height: 18mm
- Shipping width: 18mm
- Shipping length: 58mm

# Safety Instruction Guide for HEADSPACE GAUGES NOGO CLYMER NO GO 223 REMINGTON HEADSPACE GAUGE STEEL

## Introduction

Thank you for choosing the HEADSPACE GAUGES NOGO CLYMER NO GO 223 REMINGTON HEADSPACE GAUGE STEEL. This guide provides essential safety instructions to ensure the safe use of this product. Please read and understand all instructions before use.

## General Safety Guidelines

- Ensure that the gauge is used only for its intended purpose: measuring and testing the length of the chamber in rifles.
- Always check the headspace before firing a used gun to ensure safety.
- Keep the gauge out of reach of children and vulnerable individuals.
- Do not use the gauge if it appears damaged or worn.
- Follow all local laws and regulations regarding firearms and ammunition.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using firearms.
- Use the gauge in a welllit area to ensure accurate readings.
- Do not force the gauge into the chamber; it should fit smoothly.
- If the gauge does not fit properly, do not attempt to modify it. Consult a qualified gunsmith.
- Be aware of the specific caliber and gauge specifications to avoid using incorrect measurements.
- Ensure that the firearm is unloaded before attempting to check headspace.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Clean the chamber of the firearm to remove any debris or obstructions.

### 2. Using the Gauge:

- Identify the correct gauge for your firearm's caliber (e.g., 223 Remington).
- Insert the "NoGo" gauge into the chamber gently.
- If the bolt does not close fully on the gauge, the headspace is acceptable. If the bolt closes, the headspace is excessive, and the firearm should not be used until corrected.

### 3. PostUse:

- Remove the gauge from the chamber carefully.
- Clean the gauge after use to maintain its accuracy and longevity.

## Disposal Instructions

- Dispose of the gauge in accordance with local regulations.
- Do not dispose of the gauge in regular household waste.

- If the gauge is damaged or no longer usable, contact a local recycling center for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of this product, please refer to the manufacturer's website or consult a qualified professional.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your HEADSPACE GAUGES NOGO CLYMER NO GO 223 REMINGTON HEADSPACE GAUGE STEEL. Thank you for prioritizing safety in your firearm practices.
