

NO-GO HEADSPACE GAUGES - NO GO 30-40 KRAG HEADSPACE GAUGE STEEL

[Gunsmith Tools & Supplies](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [NO GO 30-40 KRAG HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100303
- Mfr. No.: NG30/40KRA
- Cartridge: 303 British,30-40 Krag
- Color: Steel
- Height: 0.44"
- Length: 0.73"
- Material: Steel
- Model Number: NO GO 30-40 Krag
- Style: No Go Gauge
- Weight: 0.1 lbs
- Width: 0.44"
- Delivery weight: 0.014kg
- Shipping height: 18mm
- Shipping width: 18mm
- Shipping length: 58mm

Clymer NoGo Headspace Gauges Safety Instruction Guide

Introduction

Thank you for choosing the Clymer NoGo Headspace Gauges. These precision tools are designed to help ensure the safe operation of firearms by verifying that the chamber does not exceed the maximum safe headspace dimensions. This guide provides essential safety instructions, general guidelines, and specific precautions for the proper use, installation, and disposal of your headspace gauges.

General Safety Guidelines

- Always handle firearms and headspace gauges with care.
- Ensure that you are in a safe environment when using firearms or tools.
- Keep the gauges out of reach of children and vulnerable individuals.
- Regularly inspect the gauges for signs of wear or damage before use.
- Always follow the manufacturer's recommendations and guidelines.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the gauges only for their intended purpose of measuring headspace in firearms.
- Never use a gauge that shows signs of damage or excessive wear.
- Ensure that the firearm is unloaded before using the gauge.
- Always wear appropriate personal protective equipment (PPE) when handling firearms.
- Keep your work area clean and organized to prevent accidents.
- Do not force the gauge into the chamber; if resistance is encountered, stop and assess the situation.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather all necessary tools and materials.

2. Using the Headspace Gauge:

- Insert the Clymer NoGo Headspace Gauge into the chamber of the firearm.
- Gently attempt to close the bolt on the gauge.
- If the bolt does not close completely, the headspace is within safe limits.
- If the bolt closes, the headspace is excessive, and further inspection or adjustment is required.

3. PostUse Care:

- Clean the gauge after each use to remove any debris or residue.
- Store the gauge in a safe, dry place away from direct sunlight and moisture.

Disposal Instructions

- Dispose of the Clymer NoGo Headspace Gauges in accordance with local regulations.
- Do not dispose of the gauge in regular household waste if it is damaged or no longer usable.
- Contact local recycling centers or hazardous waste facilities for proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the Clymer NoGo Headspace Gauges, please refer to the manufacturer's contact information provided with the product packaging or visit the official website.

By following these safety guidelines and instructions, you can ensure the effective and safe use of your Clymer NoGo Headspace Gauges. Always prioritize safety and compliance with regulations to protect yourself and others. Thank you for your attention to these important safety measures.
