

NO-GO HEADSPACE GAUGES - CLYMER NO GO 30-06 SPRINGFIELD HEADSPACE GAUGE STEEL

[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Absolutely Essential For Accurate, Safe, Chamber Work

CLYMER NO-GO HEADSPACE GAUGES The Clymer No-Go Headspace Gauges are precision tools designed to help gunsmiths and firearm enthusiasts verify that a firearm's chamber does not exceed the maximum safe headspace dimensions. By identifying excessive chamber length, these gauges prevent potential safety hazards such as case ruptures or misfires, ensuring the firearm operates within the specified tolerances. They are essential during the chambering of new barrels, routine maintenance, or when assessing used firearms for purchase. Key Features: Precision Machining: Each gauge is crafted from high-quality steel and machined to exact SAAMI specifications, ensuring accurate and reliable measurements. Caliber Specificity: Available in a wide range of calibers, these gauges cater to various firearm types, providing versatility for gunsmiths working with multiple platforms. Durable Construction: Built to withstand repeated use, the hardened steel construction ensures longevity and consistent performance in demanding workshop environments. Specifications: Material: Hardened steel Dimensions: Size varies with caliber and gauge style Compliance: Manufactured to SAAMI specifications Customer Insights: Customers value the Clymer No-Go Headspace Gauges for their precision and reliability. The accurate machining and adherence to industry standards provide confidence during firearm assembly and inspection processes. Users appreciate the wide range of available calibers, allowing them to select the appropriate gauge for their specific needs. The durable construction is frequently highlighted, with many noting that the gauges maintain their accuracy even after extensive use. Incorporating the Clymer No-Go Headspace Gauges into your gunsmithing toolkit ensures that your firearm chambers are within safe operational limits, enhancing both safety and performance.

Attributes

- Name: [CLYMER NO GO 30-06 SPRINGFIELD HEADSPACE GAUGE STEEL](#)
- Manufacturer: [CLYMER](#)
- Product no.: 184100311
- Mfr. No.: NG30/06SPR
- Cartridge: 30-06 Springfield,6.5-06,270 Winchester,8 mm-06,338-06,35 Whelen,25-06 Remington
- Colour: Steel
- Height: 0.445"
- Length: 2.291"
- Material: Steel
- Model Number: NO GO 30-06 Springfield
- Style: No Go Gauge
- Weight: 0.2 lbs
- Width: 0.445"
- Delivery weight: 0.045kg
- Shipping height: 15mm
- Shipping width: 23mm
- Shipping length: 58mm

HEADSPACE GAUGES NOGO CLYMER NO GO 3006 SPRINGFIELD HEADSPACE GAUGE STEEL

Safety Instruction Guide

Introduction

Thank you for choosing the Clymer NoGo Headspace Gauge for your firearm needs. This guide provides essential safety instructions to ensure the proper use and handling of the gauge. By adhering to these guidelines, you can ensure safe and effective operation while minimizing risks.

General Safety Guidelines

- Ensure that the gauge is used only for its intended purpose: measuring headspace in firearms.
- Always handle firearms and accessories with care and in accordance with general firearm safety rules.
- Keep the gauge out of reach of children and unauthorized users.
- Inspect the gauge for any signs of damage or wear before each use. If any defects are found, do not use the gauge.
- Store the gauge in a safe, dry place when not in use to prevent damage and ensure longevity.
- Follow all local laws and regulations regarding the use of firearms and related accessories.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before using the headspace gauge.
- Use protective eyewear when measuring headspace to protect against potential debris or accidents.
- Make sure you are in a welllit area to accurately read measurements.
- Do not force the gauge into the chamber; it should fit snugly but not require excessive force.
- If the gauge does not fit properly, do not attempt to modify it. Consult a qualified gunsmith for assistance.
- Keep your hands and fingers clear of the chamber when inserting or removing the gauge.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded, with no ammunition in the chamber or magazine.
- Clean the chamber of the firearm to remove any debris or obstructions.

2. Using the Gauge

- Select the appropriate Clymer NoGo Headspace Gauge for your specific caliber (e.g., 3006 Springfield).
- Carefully insert the gauge into the chamber of the firearm.
- Gently push the gauge into the chamber until it stops.
- Attempt to close the bolt on the gauge.
 - If the bolt closes completely, it indicates that the chamber is too long and may be unsafe to use.
 - If the bolt does not close, the headspace is within acceptable limits.

3. PostUse Care

- Remove the gauge from the chamber after testing.
- Clean the gauge with a soft cloth to remove any residue.
- Store the gauge in its protective case or designated storage area.

Disposal Instructions

- Dispose of the gauge in accordance with local regulations for metal products.
- Do not dispose of the gauge in regular household waste.
- If the gauge is damaged beyond repair, contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the Clymer NoGo Headspace Gauge, please refer to the manufacturer's website or customer service for assistance. Ensure you have the product details available for a quicker response.

Conclusion

By following these safety instructions, you can effectively and safely use the Clymer NoGo Headspace Gauge. Remember that proper firearm safety practices are essential for your safety and the safety of those around you. Always stay informed and cautious when handling firearms and their accessories.
