Faxon Firearms is proud to partner with Q on the development of barrels for their revolutionary new round, 8.6 Blackout (8.6 BLK). With barrels employing an impressive 1:3 twist rate, 8.6 BLK channels rotational energy to increase energy on-target. As with all Faxon Barrels, these 8.6 BLK barrels are machined from raw bar stock in their greater Cincinnati Facility. Faxon 8.6 BLK barrels are fully stress-relieved, air-gauge tested, Magnetic Particle Inspected, and 11-degree target crowned to ensure superior accuracy. Constructed of 416-R Stainless Steel, each barrel goes through a battery of tests at each operation until finished in Nitride and final inspected. All Faxon Barrels are individually checked for headspace by precision custom hardened gauges and are backed by the Faxon Lifetime Guarantee. Faxon RemAge© Style Barrels for 8.6 BLK ship with a Thread Protector, Taper Adapter, and Faxon RemAge© Style Barrel Nut. Faxon's barrel nut uses a standard AR Armorer's Castlenut Wrench profile. Consumer Note: At the time of release, 8.6 BLK is not SAAMI certified. Please use appropriate caution while firing and when using reloaded ammunition.

## **Attributes**

# **Safety Instruction Guide for MODIFIED LIGHT PALMA PROFILE 8.6 BLACKOUT REMAGE STYLE BARREL**

## **Introduction**

Thank you for choosing the MODIFIED LIGHT PALMA PROFILE 8.6 BLACKOUT REMAGE STYLE BARREL by Faxon Firearms. This guide provides essential safety instructions and usage information to ensure the safe and effective use of your new barrel. Please read this guide carefully before installation and use.

## **General Safety Guidelines**

- Ensure that the barrel is installed by a qualified gunsmith or an experienced individual familiar with firearm assembly.
- Always treat firearms as if they are loaded, even if you believe they are not.
- Keep the barrel and all firearms out of reach of children and unauthorized individuals.
- Use only ammunition that is compatible with the 8.6 Blackout specifications.
- Regularly inspect the barrel for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm usage and ownership.

## **Specific Safety Precautions for Use**

- **Potential Hazards:**

- Improper installation may lead to malfunctions or accidents.
- Using incorrect ammunition can cause catastrophic failure.
- Failure to maintain the barrel may affect performance and safety.

- **Instructions to Avoid Hazards:**

- Always verify that the barrel is properly secured and fitted before firing.
- Use a quality torque wrench to ensure that the barrel nut is tightened to the manufacturer's specifications.
- Do not attempt to modify or alter the barrel in any way.
- Always wear appropriate eye and ear protection when firing.

- **Warnings:**

- This product is not SAAMI certified at the time of release. Use caution when firing.
- Do not use reloaded ammunition unless it has been verified safe for use with this barrel.

## **Instructions for Installation and Usage**

- **Installation:**

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing barrel from the firearm using appropriate tools.
3. Clean the barrel extension and receiver threads to remove any debris or old lubricant.
4. Install the MODIFIED LIGHT PALMA PROFILE 8.6 BLACKOUT barrel onto the receiver.
5. Use the Faxon RemAge Style Barrel Nut and Thread Protector included with your barrel.
6. Tighten the barrel nut using a torque wrench to the specified torque value (consult the

manufacturer's guidelines).

7. Check headspace using precision custom hardened gauges.

- **Usage:**

- Always ensure the firearm is in good working order before use.
- Load only the appropriate 8.6 Blackout ammunition into the firearm.
- Fire the firearm in a safe and controlled environment, following all range rules and regulations.
- After use, clean the barrel and inspect it for any signs of wear or damage.

## Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding hazardous materials.
- If the barrel is damaged or no longer usable, contact a certified firearms disposal service for proper disposal.

## Contact Information for Further Support

For any safety inquiries or concerns regarding your MODIFIED LIGHT PALMA PROFILE 8.6 BLACKOUT REMAGE STYLE BARREL, please consult with a qualified firearms professional or contact the manufacturer directly.

## Conclusion

By following these safety instructions, you can ensure the safe and effective use of your MODIFIED LIGHT PALMA PROFILE 8.6 BLACKOUT REMAGE STYLE BARREL. Always prioritize safety and adhere to local laws and regulations. Thank you for choosing Faxon Firearms.
