

308 AR RECEIVER EXTENSION - FORWARD CONTROLS DESIGN .308 AR RECEIVER EXTENSION

[Rifle Parts](#) > [Receiver Parts](#) > [Buffer Tube Parts](#) > [Buffer Tubes](#)

RE5F is a 9 position 308 AR compatible receiver extension (RE), it is also compatible with Vltor's splendid A5. RE5F is a collaboration with SOLGW, and is identical to Sons of Liberty Gunworks Loyal 9 A5 RE save for the respective company logo/name engravings. Forward Controls had contributed design input (extra drain holes and softening of sharp corners), there was nothing else FCD deemed a receiver extension could do better or needed to be improved on, so Loyal 9 / RE5F may look like other REs but with ergonomics and sensible changes, they're made for work, not for show. RE5F is compatible with 308 ARs and Vltor's A5 system. For AR15/M16 applications, it must use Vltor A5 or A5 compatible buffers, rifle length recoil springs (Vltor's A5 spring or Sprinco's Green spring). RE5F is made from impact extruded 7075 aluminum with rolled threads. The interior is dry film lubed, the body diameter is milspec (compatible with all milspec carbine stocks), it has extra drain holes to better and more quickly drain water inside the RE. An oft-asked question is the difference between Vltor's 6 position RE10/A5SR and the 7 position RE-A5 , as well as RE5F, the answer can be found [here](https://www.forwardcontrolsdesign.com/Vltor-RE-A5-vs-RE10-A5SR_ep_78-1.html):
https://www.forwardcontrolsdesign.com/Vltor-RE-A5-vs-RE10-A5SR_ep_78-1.html
Weight: 4.24oz Material: 7075 aluminum Made in USA NOTE: For use on AR15/M16, RE5F requires a Vltor A5 buffer, rifle length / A5 / Sprinco Green recoil spring. RE5F is incompatible with standard TDP spec buffers and carbine buffers.

Attributes

- Name: [FORWARD CONTROLS DESIGN .308 AR RECEIVER EXTENSION](#)
- Manufacturer: [FORWARD CONTROLS DESIGN](#)
- Product no.: 430103542
- Mfr. No.: RE5F
- Style: Rifle
- Weapon type: AR .308
- Delivery weight: 2.177kg
- Shipping height: 38mm
- Shipping width: 102mm
- Shipping length: 267mm
- UPC: 682157948659

Item details

Made in USA

US export classification: 0A501.y.1

Safety Instruction Guide for 308 AR Receiver Extension Forward Controls Design

Introduction

Thank you for choosing the 308 AR Receiver Extension (RE5F) from Forward Controls Design. This guide provides essential safety instructions and operational information to ensure safe and effective use of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- **Product Safety:** Ensure that the receiver extension is used in accordance with the manufacturer's instructions to avoid accidents or injuries.
- **Enhanced Recalls:** Be aware of the possibility of product recalls. Stay informed through official channels for any updates regarding safety.
- **Online Shopping:** If purchased online, ensure that the seller complies with EU safety regulations.
- **Special Consumer Focus:** This product is not intended for children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please consult the manufacturer's official channels.
- **Rapid Alerts:** Stay updated on product safety through the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Compatibility:** Ensure that the RE5F is compatible with your firearm. It is designed for .308 ARs and Vltor's A5 system.
- **Buffer Requirements:** For AR15/M16 applications, always use a Vltor A5 buffer, rifle length/A5/Sprinco Green recoil spring.
- **Avoid Standard Buffers:** The RE5F is incompatible with standard TDP spec buffers and carbine buffers.
- **Installation Check:** Before use, verify that the receiver extension is properly installed and securely fastened.
- **Inspect Regularly:** Regularly inspect the receiver extension for any signs of wear or damage.
- **Dry Film Lubrication:** The interior is dry film lubed; do not apply additional lubricants that may interfere with its operation.
- **Water Drainage:** Utilize the extra drain holes to ensure any accumulated water is promptly drained to prevent corrosion.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary tools for installation (e.g., wrench, screwdriver).
- Ensure the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Remove the existing receiver extension if applicable.
- Align the RE5F with the receiver and ensure that it fits snugly.
- Use a wrench to tighten the extension securely. Do not overtighten to avoid damage.
- Check that the body diameter is milspec and compatible with your carbine stock.

3. Usage:

- Load your firearm only after confirming that the receiver extension is properly installed.
- Fire in a safe environment, following all firearm safety protocols.

- After use, clean and inspect the receiver extension as part of regular firearm maintenance.

Disposal Instructions

- **Material Recycling:** The RE5F is made from 7075 aluminum. When disposing of the product, consider recycling it at a facility that accepts aluminum materials.
- **Environmental Safety:** Do not dispose of the product in regular trash. Follow local regulations for disposal of firearm accessories.

Contact Information for Further Support

For any questions or concerns regarding the 308 AR Receiver Extension, please refer to the manufacturer's official website or customer support channels.

By following these guidelines, you can ensure safe and effective use of your 308 AR Receiver Extension. Thank you for your attention to safety and responsible firearm practices.
