

DAKA® GRID ORGANIZER FOR PELICAN™ V730 VAULT - MAGPUL DAKA GRID CASE ORGANIZER FOR PELICAN VAULT V730

[Shooting Accessories](#) > [Gun Storage](#) > [Gun Storage Accessories](#)

Magpul's DAKA GRID Organizer is a fully customizable drop-in organizational solution that secures and protects your important equipment when it's stored or transported in your existing hard case. Specifically designed to fit Pelican™ Vault V730 gun cases, the GRID Organizer is completely reconfigurable to meet your storage needs. Individual Expanded Polypropylene (EPP) Panels and Blocks nest together securely to maximize protection, versatility, and ease-of-use. They can be organized to brace and immobilize rifles, optics, ammunition, accessories, and other gear, and they can be quickly removed and reinstalled for your next loadout. The lightweight GRID system uses compression to immobilize and compartmentalize your gear, firmly holding it in place and providing advanced protection during transport. The result is less movement and better impact resistance for your gear than you'll get from current open cell foam options that can let your gear slide around inside your case during transport. Also, the GRID's EPP make up doesn't absorb contaminants like open cell foam does, providing resistance to liquid and chemical intrusion and mitigating contamination of your gear. Cleaning up dirt, chemicals, and liquids is easy with just a damp cloth. Offering numerous advantages over traditional foam and expensive laser-cut inserts, the GRID provides intuitive, modular organization at your fingertips. It's reconfigurable without tools, so it can be adapted to your loadout in seconds. If you're carrying wider or taller equipment, a center GRID Panel can also be removed to open up space for objects approximately 4.25" inches wide. If you end up needing to cut a Panel to create a unique cavity for wider gear, the EPP cuts smoothly and doesn't lose its strength or ability to protect your important equipment. For unique equipment loading techniques, see Magpul's Getting The Best Fit video and others in the Resources tab. Simple to configure, stronger than foam, and versatile enough to change with every loadout, the DAKA GRID Organizer lets you use every inch of your case to store and securely carry your gear the way you want. Includes GRID base Panels, 8 triple Blocks, 8 double Blocks, and replacement base foam. FEATURES EPP Panels and Blocks quickly replace current internal setup GRID system holds your gear securely and protects better than foam sheets Not just for firearms; can be used for all types of gear EPP construction is lighter and stronger than traditional foam Endlessly customizable and no tools required Unique gear loadouts set up in seconds GRID is stronger than open cell foam, holds your gear in place, and protects better from impacts Resists absorbing liquids and chemicals and easy to clean with a damp cloth Good temperature stability GRID Block arrangement lets you maximize the use of all of your space Ability to reconfigure the GRID means no cutting or plucking of foam that leaves you with one fixed configuration Weight: ~3 lbs COMPATIBILITY Pelican™ Vault V730 and Magpul DAKA Hard Case, R44 NOTE: PELICAN CASE SOLD SEPERATELY

DAKA GRID ORGANIZER FOR PELICAN V730 Safety Instruction Guide

Introduction

Thank you for choosing the DAKA GRID Organizer for your Pelican Vault V730 case. This guide provides essential safety instructions to ensure safe usage, installation, and disposal of the product. Please read this guide carefully before using the organizer to maximize its effectiveness and safety.

General Safety Guidelines

- Ensure that the DAKA GRID Organizer is compatible with your Pelican Vault V730 case.
- Always inspect the organizer for any damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals.
- Use the organizer only for its intended purpose as specified in this guide.
- Do not overload the organizer beyond its designed capacity.
- In case of any unusual odors, colors, or damage, discontinue use immediately.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of equipment damage if not properly secured.
- Potential for injury if the organizer is not used according to instructions.

- **Avoiding Hazards:**

- Ensure that all items stored in the organizer are securely positioned.
- Do not use sharp objects to cut or modify the EPP panels.
- Do not expose the organizer to extreme temperatures or harsh chemicals.
- Regularly check for signs of wear and tear, replacing any damaged panels or blocks.

- **AgeSpecific Warnings:**

- This product is not a toy. Keep away from children.
- Ensure that only adults handle the installation and reconfiguration of the organizer.

Instructions for Installation and Usage

1. Installation:

- Open your Pelican Vault V730 case and remove any existing foam or inserts.
- Lay the GRID base panels flat inside the case.
- Arrange the EPP panels and blocks according to your specific gear requirements.
- Ensure that all panels and blocks are securely nested together to maximize stability.

2. Usage:

- Place your equipment carefully into the designated areas.
- Adjust the configuration as needed for optimal gear immobilization.
- Ensure that the GRID system compresses your gear adequately to prevent movement during transport.
- For wider items, consider removing a center GRID panel to create additional space.

3. Reconfiguration:

- To reconfigure the organizer, simply remove the panels and blocks as needed.
- Reinstall them in a new arrangement without the need for tools.
- Cut EPP panels only if necessary and follow the guide for maintaining structural integrity.

Disposal Instructions

- Dispose of the DAKA GRID Organizer responsibly.
- EPP panels and blocks should be recycled where facilities exist.
- Do not incinerate or dispose of the product in regular waste bins.
- Follow local regulations for the disposal of nonbiodegradable materials.

Contact Information for Further Support

For any inquiries or concerns regarding the DAKA GRID Organizer, please refer to the manufacturer's website or contact your retailer for assistance. Always keep this guide for future reference to ensure safe and proper use of your product.

Thank you for your attention to these safety instructions. Enjoy the benefits of your DAKA GRID Organizer!
