

WCK WIRE CONTROL KIT M-LOK - MAGPUL WCK WIRE CONTROL KIT M-LOK BLACK

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Accessories](#)

The Magpul WCK (Wire Control Kit) provides a fast, secure, and clean way to manage light and laser wires to create a more streamlined forend on your rifle. The WCK ships with six easy-to-install M-LOK-compatible assemblies. Each assembly is a half-slot size to allow for precise positioning and can route cables straight through, at 90 degrees, or at 180 degrees to accommodate different variations. This kit can be reconfigured as your setup changes, removing the need to reapply tape or zip ties. The WCK is compatible with metal M-LOK handguards and may not fit all polymer handguards. The WCK can route standard gauge cables. Made in the USA Designed and intended for light/laser cable management Half-slot size allows for precise positioning Can be reconfigured multiple times Six (6) assemblies per package

WCK Wire Control Kit Safety Instructions

Introduction

Thank you for choosing the Magpul WCK (Wire Control Kit). This guide provides important safety information and instructions to ensure the safe use and installation of your product. Please read this document carefully before use.

General Safety Guidelines

- Ensure that the WCK is used only for its intended purpose, which is to manage light and laser wires on firearms.
- Always follow the installation instructions to avoid potential hazards.
- Inspect the WCK regularly for any signs of wear or damage. If any issues are found, discontinue use immediately.
- Keep the WCK and all components out of reach of children and unauthorized users.
- In case of any malfunction or if the product is suspected to be unsafe, report it to the appropriate authorities.

Specific Safety Precautions for Use

- Do not use the WCK in wet or damp conditions as this may compromise its integrity and performance.
- Avoid placing excessive tension on the wire management system to prevent damage to the wires or the kit itself.
- Ensure that all cables are properly routed and secured to prevent interference with the operation of the firearm.
- Be aware of your surroundings and ensure that the firearm is pointed in a safe direction at all times during installation and use.
- When modifying or reconfiguring the WCK, ensure that all components are securely fastened and that the system is functioning correctly before use.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and components before starting the installation.
- Ensure that the firearm is unloaded and in a safe condition.

2. Installation Steps

- Locate the MLOK slots on your handguard.
- Select the desired position for the WCK assembly, ensuring it does not interfere with the operation of the firearm.
- Insert the WCK assembly into the MLOK slot and secure it using the provided hardware.
- Repeat the process for all six assemblies included in the package, as needed.

3. Cable Management

- Route the light and laser wires through the WCK assemblies. The halfslot size allows for precise positioning.
- You can route cables straight through, at 90 degrees, or at 180 degrees based on your setup requirements.
- Ensure that the cables are not pinched or damaged during the routing process.

4. Reconfiguration

- If you need to reconfigure the WCK, carefully remove the assemblies from the MLOK slots and reposition them as required.
- Follow the installation steps again to secure the assemblies in their new positions.

5. Final Check

- After installation, perform a final check to ensure all components are securely fastened and that the system is functioning as intended.
- Test the light and laser functionality to confirm proper operation.

Disposal Instructions

- Dispose of the WCK and any packaging materials in accordance with local waste disposal regulations.
- If the product is damaged or no longer usable, ensure that it is disposed of in a way that prevents any potential hazards.

Contact Information for Further Support

For any questions or concerns regarding the WCK Wire Control Kit, please refer to the manufacturer's contact details provided on the packaging or the official website.

Thank you for your attention to these safety instructions. Enjoy using your Magpul WCK Wire Control Kit responsibly and safely!
