SLIDE PARTS KIT FOR GLOCK 19® Safety Instruction Guide

Introduction

Thank you for choosing the SLIDE PARTS KIT FOR GLOCK 19® by BROWNEELS. This kit is designed to enhance the performance and reliability of your Glock 19 slide. Please read this safety instruction guide carefully to ensure safe usage and compliance with applicable safety regulations.

General Safety Guidelines

- Always handle firearms and firearm components with care.
- Ensure that you are in a safe environment when working with firearm parts.
- Keep all parts out of reach of children and unauthorized users.
- Regularly inspect your firearm and its components for signs of wear or damage.
- Follow all local laws and regulations regarding firearm modifications and usage.
- If you are unsure about any aspect of installation or usage, consult a qualified gunsmith.

Specific Safety Precautions for Use

- Use only the parts specified in this kit with Glock 19® models.
- Ensure that all components are compatible with your specific Glock model (Gen 3 or Gen 5).
- Avoid using excessive force during installation to prevent damage to parts.
- Do not attempt to modify or alter any parts unless you are a trained professional.
- Always verify that the firearm is unloaded before beginning any work on it.
- Wear appropriate safety gear, including eye protection, when handling firearm parts.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including the channel liner tool provided in the kit.
- Ensure your workspace is clean and welllit.

2. Disassembly of the Slide

- Remove the slide from the frame of the Glock 19.
- Disassemble the slide according to the manufacturer's instructions.

3. Installation of New Parts

- **Extractor:** Install the extractor into the slide, ensuring it is seated properly.
- **Extractor Depressor Plunger and Spring:** Insert the plunger and spring into their designated locations.
- **Billet Firing Pin:** Carefully place the billet firing pin into the slide, ensuring it aligns with the firing pin safety.
- **Firing Pin Safety and Spring:** Install the firing pin safety and its spring, making sure they are positioned correctly.
- **Channel Liner:** Use the channel liner tool to install the channel liner securely.
- **Reassemble the Slide:** Once all parts are installed, reassemble the slide and ensure everything is functioning correctly.

4. Final Check

- Inspect all installed parts for proper fit and function.
- Ensure there are no loose components.
- Test the firearm in a safe environment to confirm functionality.

Disposal Instructions

- Dispose of any unused or damaged parts in accordance with local regulations.
- Do not dispose of firearm parts in regular household waste.
- Consider recycling options for metal components where applicable.

Contact Information for Further Support

For any safety inquiries or support regarding the SLIDE PARTS KIT FOR GLOCK 19®, please refer to your local regulations or contact a qualified professional.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the SLIDE PARTS KIT FOR GLOCK 19®. Always prioritize safety and compliance with all relevant laws and regulations when handling firearm components. Thank you for your attention to these important guidelines.
