

SMC PLATE CARRIER - GREY GHOST GEAR SMC PLATE CARRIER RANGER GREEN

[Home](#)

The Plate Carrier That Can Do it All

The SMC Plate Carrier is our most advanced carrier design to date. The SMC (Shoot, Move, Communicate) is everything you've wanted in a lightweight, combat-ready plate carrier. Designed to carry a pair of 10"x12" hard plates or most large SAPI plates, the cummerbund features MOLLE/PALS style webbing for the addition of pouches for side plates if you prefer your kidneys remain non-perforated. The front panel also features an open pocket for maps, water/cable retention or enough room for a fleece watch cap or gloves. This carrier is "one size fits most" thanks to its adjustable shoulder straps and cummerbund, ensuring a snug fit for just about every warrior's body type. Should you find yourself on fire, trapped in a tight spot or unexpectedly going for a swim, the new ROC buckles on one shoulder strap (reversible) and either side of the cummerbund can be rapidly released in case of emergency. These also make putting on the carrier much more convenient when you are in a hurry. The secret sauce behind the SMC is literally in the back. YKK Zippers and webbing on the back panel are designed for attaching any one of the new SMC zippered back panels, so you can specifically tailor your carrier for the mission ahead. All these panels are compatible with SOCOM issued carriers with zippered back panel systems. View the whole line in the SMC Back Panel collection. As for the SMC carrier, breathable mesh is built into the cummerbund and inside faces of the carrier body for enhanced comfort. Interior padding enclosed in weave gives the wearer additional comfort and air channels to wick away moisture. There are six rows of MOLLE/PALS style webbing with built in matching loop material on the top three rows for the option of attaching patches or ID panels. Laser cut laminate nylon gives you all the modularity of traditional MOLLE webbing at a significant reduction in weight while remaining strong and water/chemical resistant. Longevity is also increased as cut edges do not fray after they are heat sealed with the laser.

Safety Instruction Guide for SMC Plate Carrier

Introduction

Thank you for choosing the SMC Plate Carrier by Grey Ghost Gear. This guide provides essential safety instructions to ensure the safe use of your plate carrier. Please read this manual carefully before use to maximize your safety and the effectiveness of the product.

General Safety Guidelines

- **Product Safety:** The SMC Plate Carrier is designed for safe use in various environments. Ensure you understand all features and functions before use.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. Follow the instructions provided in any recall notices.
- **Online Shopping:** If purchased online, ensure the retailer complies with all safety standards. Verify that the product is genuine and not counterfeit.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure it is stored safely away from minors.
- **EU Contact Point:** For any safety inquiries, please refer to the provided contact information for customer support.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates regarding product safety.

Specific Safety Precautions for Use

- **Proper Fit:** Ensure the plate carrier fits snugly. Adjust the shoulder straps and cummerbund for a secure fit.
- **Weight Limitations:** Do not exceed the recommended weight capacity for the plates. This ensures optimal performance and safety.
- **Emergency Release:** Familiarize yourself with the ROC buckles for quick release in emergencies. Practice using them to ensure you can operate them efficiently when needed.
- **Avoid Sharp Objects:** Be cautious of sharp objects that may puncture or damage the carrier. Inspect your carrier regularly for any signs of wear or damage.
- **Environmental Considerations:** Avoid using the carrier in extreme weather conditions that may affect its integrity or your safety.

Instructions for Installation and Usage

1. Adjusting the Carrier:

- Loosen the shoulder straps and cummerbund before putting on the carrier.
- Slip the carrier over your head and adjust the shoulder straps to your desired length.
- Secure the cummerbund around your waist, ensuring a snug fit without restricting movement.

2. Inserting Plates:

- Open the front panel of the carrier.
- Insert the hard plates into the designated pockets, ensuring they are seated properly.
- Close the front panel securely.

3. Using MOLLE/PALS Webbing:

- Attach pouches or accessories to the MOLLE/PALS webbing as needed.
- Ensure all attachments are secured and do not interfere with the carrier's fit or function.

4. **Breathable Mesh Care:**

- Regularly check the breathable mesh for any signs of wear or damage.
- Clean the mesh with mild soap and water to maintain comfort and hygiene.

5. **Emergency Situations:**

- In case of an emergency, locate the ROC buckles and release them to remove the carrier quickly.
- Practice emergency procedures in a safe environment to ensure you are prepared.

Disposal Instructions

- **Recycling:** When the SMC Plate Carrier reaches the end of its life, consider recycling it if possible. Check local regulations for proper disposal methods.
- **Waste Management:** If recycling is not an option, dispose of the carrier in accordance with local waste management guidelines.

Contact Information for Further Support

For any questions, concerns, or safety inquiries regarding the SMC Plate Carrier, please refer to the customer support contact information provided with your purchase. It is important to reach out for assistance if you encounter any issues or have safety concerns.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
