

SMC PLATE CARRIER - GREY GHOST GEAR SMC PLATE CARRIER MULTICAM BLACK

[Home](#)

The Plate Carrier That Can Do it All

The SMC Plate Carrier is our most advanced carrier design to date. The SMC (Shoot, Move, Communicate) is everything you've wanted in a lightweight, combat-ready plate carrier. Designed to carry a pair of 10"x12" hard plates or most large SAPI plates, the cummerbund features MOLLE/PALS style webbing for the addition of pouches for side plates if you prefer your kidneys remain non-perforated. The front panel also features an open pocket for maps, water/cable retention or enough room for a fleece watch cap or gloves. This carrier is "one size fits most" thanks to its adjustable shoulder straps and cummerbund, ensuring a snug fit for just about every warrior's body type. Should you find yourself on fire, trapped in a tight spot or unexpectedly going for a swim, the new ROC buckles on one shoulder strap (reversible) and either side of the cummerbund can be rapidly released in case of emergency. These also make putting on the carrier much more convenient when you are in a hurry. The secret sauce behind the SMC is literally in the back. YKK Zippers and webbing on the back panel are designed for attaching any one of the new SMC zippered back panels, so you can specifically tailor your carrier for the mission ahead. All these panels are compatible with SOCOM issued carriers with zippered back panel systems. View the whole line in the SMC Back Panel collection. As for the SMC carrier, breathable mesh is built into the cummerbund and inside faces of the carrier body for enhanced comfort. Interior padding enclosed in weave gives the wearer additional comfort and air channels to wick away moisture. There are six rows of MOLLE/PALS style webbing with built in matching loop material on the top three rows for the option of attaching patches or ID panels. Laser cut laminate nylon gives you all the modularity of traditional MOLLE webbing at a significant reduction in weight while remaining strong and water/chemical resistant. Longevity is also increased as cut edges do not fray after they are heat sealed with the laser.

SMC Plate Carrier Safety Instruction Guide

Introduction

Thank you for choosing the SMC Plate Carrier by Grey Ghost Gear. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this manual carefully before using the carrier to understand how to use it safely and effectively.

General Safety Guidelines

- Ensure that the carrier is properly fitted to your body before use.
- Regularly inspect the carrier for any signs of wear, damage, or malfunction.
- Do not use the carrier if it is damaged or if any components are missing.
- Keep the carrier away from fire and extreme heat sources.
- Use the carrier only for its intended purpose; do not modify the product.
- Store the carrier in a cool, dry place when not in use.
- Follow all local laws and regulations regarding the use of tactical gear.

Specific Safety Precautions for Use

- **Adjustable Straps:** Always adjust the shoulder straps and cummerbund to achieve a secure and comfortable fit. A loose carrier may shift during use, leading to injury.
- **Emergency Release:** Familiarize yourself with the ROC buckles on the shoulder strap and cummerbund. Practice quickly releasing them in case of an emergency.
- **Load Limits:** Do not exceed the recommended load limits for the carrier. Overloading may compromise safety and performance.
- **Breathability:** The carrier features breathable mesh for comfort. Ensure that the mesh is not obstructed to maintain airflow and prevent overheating.
- **MOLLE/PALS Webbing:** When attaching additional pouches or accessories, ensure that they are securely fastened. Improperly attached items may fall off during use.
- **Zippered Back Panels:** Use only compatible SMC zippered back panels for modifications. Ensure they are securely attached before use.

Instructions for Installation and Usage

1. Fitting the Carrier:

- Put on the carrier and adjust the shoulder straps until they fit snugly.
- Adjust the cummerbund to ensure it is secure around your waist.

2. Adding Plates:

- Open the front panel of the carrier.
- Insert the 10"x12" hard plates or large SAPI plates into the designated pockets.
- Ensure that the plates are positioned correctly and securely.

3. Attaching Accessories:

- Use the MOLLE/PALS webbing to attach any additional pouches or accessories.
- Make sure all attachments are secure and do not obstruct movement.

4. Using the Carrier:

- Wear the carrier during training or operational activities as needed.

- Regularly check the fit and comfort during use, adjusting as necessary.

5. Emergency Release:

- In case of emergency, quickly release the ROC buckles to remove the carrier.

Disposal Instructions

- Dispose of the carrier in accordance with local regulations for textile and plastic waste.
- If the carrier is damaged beyond repair, ensure that it is cut or otherwise rendered unusable before disposal to prevent misuse.

Contact Information for Further Support

For any safety inquiries or concerns regarding your SMC Plate Carrier, please refer to the contact information provided by the retailer or manufacturer. They can assist you with any questions or issues you may have.

Thank you for your attention to these safety guidelines. Your safety and the effective use of the SMC Plate Carrier are our top priorities.
