

CUSTOMIZABLE TWO-POINT SLINGS - Edgar Sherman Design

CUSTOMIZABLE TWO-POINT NYLON SLING, SNOW CAMO

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The Edgar Sherman Design Sling, ESD Sling, was designed with purpose, research extreme testing, and experience. The ESD Sling is adaptable to the end-user. The ESD Sling is highly customizable to any rifle, sub-gun, shotgun, hunting rifle, bolt action, and PDW weapon system. There are two adjustment sections on the ESD sling. A rear adjustment section to fit the ESD sling to your body size and additional gear. And a quick-adjust section to loosen or tighten the sling while in use. The ESD Sling adjustment system is more adaptable to natural body movement and body mechanics. The 1-inch width of the ESD sling has less friction than wider slings and allows the ESD sling to move across your body without resistance. The ESD sling has a new updated elastic regulator preventing webbing from twisting or jamming when adjusting. This elastic has a natural pull tab that allows the sling to be folded upon itself and stored tightly on the weapon system. This feature is great for patrol vehicle storage or bag/pack/case storage. Simply pull on the ESD Sling to deploy the sling to its full length. Key Features NEW MK 1.5 updated elastic is featured on all slings to quicken and ease the stowing functionality of the sling. NEW MK 1.5 updated tags for a cleaner, more legible, and higher fade-resistant logo NEW MK 1.5 Made in USA and Berry Amendment Compliant tag hid in the rear section of the sling ESD Pull Tab featured on all slings! Enhanced grip for easier adjustability. Quick-adjust moves naturally in both opening and closing Super lightweight Streamline design Can fold into itself for vehicle operations and quickly be released from storage Berry Amendment compliant materials 20+inches of adjustment in the rear section of the strap Open Ends: This means that you will have an ITW tri-glide on each end of the sling to secure your attachment method. You could add any connection method for your rifle that you'd like and if needed trim the sling to your size (this is standard on most rifle slings). Hand-made in the USA

Safety Instruction Guide for CUSTOMIZABLE TWOPOINT SLINGS

Introduction

Thank you for choosing the CUSTOMIZABLE TWOPOINT SLING by Edgar Sherman Design. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your sling. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the sling is used only for its intended purpose with compatible firearms.
- Always check the sling for signs of wear or damage before use. Do not use if damaged.
- Keep the sling out of reach of children and unauthorized users.
- Use the sling in accordance with local laws and regulations regarding firearms.
- Be aware of your surroundings when using the sling and firearm to avoid accidents.

Specific Safety Precautions for Use

- **Adjusting the Sling:**
 - Ensure that the sling is adjusted to fit your body size properly. A poorly adjusted sling can lead to loss of control of the firearm.
 - Use the quickadjust section to make adjustments while the sling is in use, but do so cautiously to avoid entanglement.
- **Storage:**
 - When not in use, store the sling securely to prevent accidental deployment.
 - Ensure that the sling is stored away from heat sources and moisture to maintain its integrity.
- **Handling Firearms:**
 - Always treat firearms as if they are loaded.
 - Never point the firearm at anything you do not intend to shoot.
 - Keep your finger off the trigger until you are ready to shoot.
- **Environmental Awareness:**
 - Be mindful of your environment and ensure that there are no obstructions that could catch the sling or firearm.
 - Avoid using the sling in wet or slippery conditions, as this may affect your grip and control.

Instructions for Installation and Usage

1. Installation:

- Attach the ITW triglide on each end of the sling to the appropriate attachment points on your firearm.
- Ensure that the connections are secure and that the sling is properly aligned.

2. Adjusting the Sling:

- Use the rear adjustment section to fit the sling to your body size and any additional gear.
- To tighten or loosen the sling, use the quickadjust section while ensuring the firearm is pointed in a safe direction.

3. Deploying the Sling:

- To deploy the sling, simply pull on the ESD Sling to extend it to its full length.
- Ensure that the sling is free from twists and jams during deployment.

4. Folding the Sling:

- To store the sling, fold it upon itself using the natural pull tab for compact storage.
- Ensure that it is securely stored in your vehicle or bag to prevent accidental deployment.

Disposal Instructions

- When the sling reaches the end of its useful life, dispose of it responsibly.
- Do not incinerate the sling as it may release harmful substances.
- Check local regulations for proper disposal methods of nylon materials.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the manufacturer's website or customer service resources. It is important to have access to support for any concerns you may have.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your CUSTOMIZABLE TWOPOINT SLING. Your safety and the safety of those around you is our top priority. Thank you for your attention to these guidelines.
