# **SOLUS ACTION WRENCH Safety Instruction Guide**

## **Introduction**

Thank you for choosing the SOLUS Action Wrench by AERO PRECISION. This tool is specifically designed for torquing the SOLUS Action to a shouldered barrel. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

## **General Safety Guidelines**

- Always read and understand the manual before using the SOLUS Action Wrench.
- Ensure that the wrench is in good working condition before each use.
- Use the wrench only for its intended purpose: to torque the SOLUS Action to a shouldered barrel.
- Keep the wrench out of reach of children and unauthorized users.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while using the wrench.
- Inspect the work area to ensure it is free from hazards that could cause accidents.
- Be aware of your surroundings and ensure that no one is in the vicinity of the work area when using the wrench.

## **Specific Safety Precautions for Use**

- Ensure that the barrel and action are securely positioned before applying torque.
- Do not exceed the recommended torque specifications as provided by the manufacturer.
- Avoid using excessive force; if the wrench does not turn easily, stop and reassess the situation.
- Do not modify the wrench or use it for purposes other than those specified.
- If the wrench becomes damaged or worn, discontinue use and replace it immediately.
- Store the wrench in a safe and dry location when not in use to prevent damage.

## **Instructions for Installation and Usage**

### **1. Preparation**

- Ensure all components are clean and free from debris.
- Gather necessary tools and PPE.

### **2. Installation**

- Position the SOLUS Action into the shouldered barrel.
- Select the appropriate threelug wrench tip for your application.
- Attach the wrench tip securely to the wrench handle.

### **3. Usage**

- Align the wrench tip with the SOLUS Action.
- Gradually apply torque in a clockwise direction.
- Monitor the torque applied and ensure it does not exceed the manufacturer's specifications.
- Once the recommended torque is achieved, stop applying force.

### **4. PostUsage**

- Remove the wrench from the action and inspect for any signs of damage.
- Clean the wrench and store it properly.

## **Disposal Instructions**

- Dispose of the SOLUS Action Wrench in accordance with local regulations.
- Do not dispose of the wrench in regular household waste.
- Consider recycling options for metal components where applicable.

## **Contact Information for Further Support**

For safety inquiries or assistance, please contact your local AERO PRECISION representative or refer to the product website for further information.

By following these guidelines, you can ensure the safe and effective use of the SOLUS Action Wrench. Always prioritize safety and report any unsafe conditions or incidents to the appropriate authorities. Thank you for your attention to these important safety instructions.
