Warhawk Tactical 315X50 FFP Illuminated Rifle Scope Safety Instructions

Introduction

Thank you for choosing the Warhawk Tactical 315X50 FFP Illuminated Rifle Scope from Swampfox Optics. This guide provides essential safety instructions and guidelines to ensure the safe use of your rifle scope. Please read this document thoroughly before installation and use.

General Safety Guidelines

- Ensure the scope is used in accordance with the manufacturer's instructions to prevent accidents and injuries.
- Always treat your rifle as if it is loaded, even when you believe it is not.
- Keep the rifle scope and its components out of reach of children and unauthorized users.
- Inspect the scope regularly for any signs of damage or wear. Do not use if damaged.
- Use the scope only for its intended purpose, which is for precision shooting.
- Be aware of your surroundings and ensure a safe shooting environment.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when using the rifle scope.
- Avoid looking directly at the sun through the scope, as this can cause severe eye damage.
- Do not attempt to disassemble or modify the scope, as this may void the warranty and pose safety risks.
- Ensure that the rifle is properly secured and stable before using the scope.
- Familiarize yourself with the reticle and adjustment controls before taking your first shot.
- Use the scope in compliance with local laws and regulations regarding firearm usage.

Instructions for Installation and Usage

1. Installation:

- Ensure that the rifle is unloaded and pointed in a safe direction.
- Mount the scope to the rifle using proper rings or bases that fit the 34mm tube diameter.
- Tighten the mounting screws according to the manufacturer's specifications.
- Check the alignment of the scope and ensure it is level.

2. Zeroing the Scope:

- Choose a safe shooting range and set up a target at a distance of 100 yards.
- Fire a group of shots to determine the point of impact.
- Adjust the elevation and windage turrets according to the manufacturer's instructions to align the point of impact with the point of aim.

3. Using the Reticle:

- Familiarize yourself with the Sharpshooter MOA reticle for accurate targeting.
- Adjust the reticle illumination as needed for varying light conditions.

4. Maintenance:

- Regularly clean the lens with a soft, lintfree cloth to avoid scratches.
- Store the scope in a dry place, away from extreme temperatures and moisture.

- If the scope is exposed to water, dry it thoroughly before storage.

Disposal Instructions

- Dispose of the product and packaging materials in accordance with local regulations.
- Do not dispose of electronic components in regular household waste.
- Check with local waste management for proper disposal methods for batteries and electronics.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact information provided on the product packaging or the manufacturer's website.
