WARHAWK TACTICAL 420X50 FFP ILLUMINATED RIFLE SCOPE SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the WARHAWK TACTICAL 420X50 FFP ILLUMINATED RIFLE SCOPE by Swampfox Optics. This guide provides essential safety information and instructions to ensure the proper and safe use of your rifle scope. Please read this guide carefully before using the product.

General Safety Guidelines

- Always treat the rifle scope as if it is loaded, even if you believe it is not.
- Ensure that the rifle scope is mounted securely and correctly before use.
- Use the rifle scope only for its intended purpose; do not modify or alter it in any way.
- Keep the rifle scope out of reach of children and vulnerable individuals.
- Always use eye protection when using firearms equipped with the rifle scope.
- Be aware of your surroundings and ensure a safe shooting environment.
- Regularly inspect the rifle scope for any signs of damage or wear.
- If you notice any malfunction or damage, cease use immediately and consult a qualified professional.

Specific Safety Precautions for Use

- **Magnification Caution:** Be aware that high magnification can amplify movement. Ensure a stable shooting position.
- **Illumination Warning:** Use the illumination feature responsibly. Do not point the illuminated reticle at any reflective surfaces, as this can cause distraction or misalignment.
- **Parallax Adjustment:** Adjust the parallax setting according to your shooting distance to ensure accuracy.
- **Weather Considerations:** Avoid using the rifle scope in extreme weather conditions that may impair visibility or functionality.
- **Battery Safety:** Use only the specified CR2032 battery. Do not attempt to charge or modify the battery.

Instructions for Installation and Usage

1. Mounting the Scope:

- Select a suitable mounting platform for your rifle.
- Securely attach the scope using the provided mounting rings or bases.
- Ensure the scope is level and aligned with the rifle barrel.

2. Zeroing the Scope:

- Set up a target at a distance of 100 yards.
- Fire a group of shots to determine the point of impact.
- Adjust the windage and elevation turrets according to the manufacturer's specifications to align the point of impact with the point of aim.

3. Adjusting the Reticle:

- Use the sidemounted adjustments to set the parallax and reticle illumination.
- Turn the illumination dial to the desired brightness level.

4. Using the Fast Focus Diopter:

- Adjust the diopter by rotating it until the reticle appears sharp and clear.

5. Regular Maintenance:

- Clean the lenses with a soft, lintfree cloth.
- Store the rifle scope in a dry, cool place when not in use.

Disposal Instructions

- Dispose of the rifle scope and any electronic components in accordance with local regulations regarding electronic waste.
- Remove the battery before disposal and recycle it according to local guidelines.

Contact Information for Further Support

For any safety inquiries or support regarding your WARHAWK TACTICAL 420X50 FFP ILLUMINATED RIFLE SCOPE, please refer to the manufacturer's contact information available on their official website or product packaging.

Please ensure that you follow these guidelines and instructions to maximize your safety and the performance of your rifle scope. Thank you for your attention to safety!
