

ARMORERS CASE GEN III - ARMORER'S GEN 3 CASE WITHOUT FOAM INSERTS

Brownells Generation III Armorers Case – Built to Extreme Testing Standards
Enhanced Armorers Case now has the ability to be an easy to access toolbox in your workshop, and quickly configured for transport. Manufactured from durable polypropylene, the Gen III Armorers Case is waterproof and durable enough for any expedition (See below for Test Specifications). With three (3x) 2.4in tall and two (2x) 1.2 in drawers, there is plenty of storage for your essential tools. Case features two carrying handles on either side, as well as top telescoping luggage handle for use with the two integral wheels. Front door and top lid can be removed, by turning a locking screw in the hinge, allowing for easy access to drawers and to compartment when not travelling. Drawers have depressible tabs, that allow complete drawer removal, while also ensuring tools don't inadvertently fall out. Stackable design ensures any additional Armorers Cases neatly stack for clean organization. Top and front jam free lid latches are easy to operate and firmly secure all sides in transit. Interior of Lid features a clear polymer door, so that documentation, spare parts or additional tools can be stored in otherwise unused space. Optional pluckable foam keeps tools from shifting during transit and protects your investments. Drawer Internal Dimensions: Large Drawer: 2.4 inches Tall x 18.4 inches Wide x 10 inches Deep Small Drawer: 1.2 inches Tall x 18.4 inches Wide x 10 inches Deep Top Removable Tray Internal Dimensions: 1.25 inches Tall x 18 inches Wide x 10.25 inches Deep Total Case Weight: 21.49 lbs Operating Temperature: -27.4°F to 194°F Test Specifications: STANAG 4280 - DEF-STD 81-41 (Part 3 Issue 4) Impact Horizontal Test - 2.5m Impact Vertical Test - 2.5m Vibration Test – 5-350Hz Dry-Heat Test – 68 to 176 °F 50-80% Humidity for 3 hours Low Temp Test Storage Test - -40°F to 194°F, humidity not less than 90%, cycle of 28 times CEI EN 60529 Dust Ingress Test – 2-8 Hours Water Ingress Test – 1m for 30min

ARMORERS CASE GEN III Safety Instruction Guide

Introduction

Thank you for choosing the Brownells Generation III Armorers Case. This guide provides essential safety instructions to ensure the safe and effective use of your Armorers Case. Please read all instructions carefully before use to maximize safety and performance.

General Safety Guidelines

- Ensure that the Armorers Case is used only for its intended purpose.
- Keep the case out of reach of children and vulnerable individuals to prevent accidents.
- Inspect the case regularly for any signs of damage or wear that could compromise safety.
- Always use the case in a dry environment to prevent moisture damage.
- If you notice any defects or irregularities, discontinue use immediately and consult a professional.

Specific Safety Precautions for Use

- **Weight Limit:** Do not exceed the total weight capacity of 21.49 lbs to avoid damage and ensure safe handling.
- **Temperature Range:** Avoid exposing the case to temperatures outside the operating range of 27.4°F to 194°F.
- **Water Exposure:** While the case is waterproof, prolonged exposure to water should be avoided to maintain integrity.
- **Drawer Use:** Ensure drawers are fully closed before moving the case. Use depressible tabs to remove drawers safely.
- **Stacking:** When stacking multiple Armorers Cases, ensure they are securely positioned to prevent tipping or falling.
- **Locking Mechanisms:** Always engage the locking screws on the hinges when removing the front door and top lid to prevent accidental detachment.

Instructions for Installation and Usage

1. Setup:

- Place the Armorers Case on a flat and stable surface.
- Ensure the case is closed and locked before moving it.

2. Accessing Drawers:

- To access the drawers, unlock the front door and top lid by turning the locking screws in the hinges.
- Pull the drawer handles gently to open. To remove a drawer, press the depressible tabs and pull it out carefully.

3. Using the Top Removable Tray:

- The top tray can be accessed by lifting the lid. Ensure it is securely fastened before transport.

4. Transporting the Case:

- Use the side carrying handles for short distances. For longer distances, extend the top telescoping luggage handle and use the integral wheels.
- Always ensure that the case is securely closed before transport.

5. Storing Tools:

- Place tools in the drawers and top tray, ensuring they are organized and do not exceed the drawer's internal dimensions.

Disposal Instructions

- When disposing of the Armorers Case, follow local regulations for plastic disposal.
- If the case is damaged beyond repair, consider recycling options for polypropylene materials.

Contact Information for Further Support

For safety inquiries or further support, please refer to the manufacturer's contact information available on the product packaging or the official website.

Thank you for your attention to these safety instructions. Enjoy using your Brownells Generation III Armorers Case!
