

WCK WIRE CONTROL KIT M-LOK - MAGPUL WCK WIRE CONTROL KIT M-LOK ODG

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Accessories](#)

The Magpul WCK (Wire Control Kit) provides a fast, secure, and clean way to manage light and laser wires to create a more streamlined forend on your rifle. The WCK ships with six easy-to-install M-LOK-compatible assemblies. Each assembly is a half-slot size to allow for precise positioning and can route cables straight through, at 90 degrees, or at 180 degrees to accommodate different variations. This kit can be reconfigured as your setup changes, removing the need to reapply tape or zip ties. The WCK is compatible with metal M-LOK handguards and may not fit all polymer handguards. The WCK can route standard gauge cables. Made in the USA Designed and intended for light/laser cable management Half-slot size allows for precise positioning Can be reconfigured multiple times Six (6) assemblies per package

Magpul WCK Wire Control Kit Safety Instructions

Introduction

Thank you for choosing the Magpul WCK (Wire Control Kit). This kit is designed to help you manage light and laser wires efficiently, ensuring a clean and streamlined forend on your rifle. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the WCK is used only for its intended purpose as described in the product specifications.
- Always inspect the kit for any damage or wear before installation. Do not use if any components are damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Be aware of your surroundings when using the product, especially when handling firearms.
- Report any unsafe conditions or accidents related to the product to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform to ensure your product is safe.

Specific Safety Precautions for Use

- **Compatibility:** The WCK is compatible with metal MLOK handguards. It may not fit all polymer handguards. Ensure compatibility before installation.
- **Cable Routing:** The WCK can route standard gauge cables. Ensure that cables are secured and do not interfere with the operation of the firearm.
- **Installation:** Follow the installation instructions carefully to avoid improper setup that could lead to accidents.
- **Reconfiguration:** The WCK can be reconfigured multiple times. Ensure that each reconfiguration is secure and stable before use.
- **Usage with Firearms:** Always follow firearm safety rules when using the WCK in conjunction with firearms. Ensure that the firearm is unloaded when installing or adjusting the WCK.

Instructions for Installation and Usage

1. Preparation:

- Gather all components of the WCK kit.
- Ensure you have the necessary tools for installation, such as a wrench or screwdriver if required.

2. Installation:

- Identify the desired location on your MLOK handguard.
- Align the halfslot assembly of the WCK with the MLOK slots.
- Secure the assembly using the provided hardware, ensuring it is tightened properly.
- Route your light or laser cables through the assembly as needed, choosing the appropriate angle (straight, 90 degrees, or 180 degrees) for your setup.

3. Reconfiguration:

- To reconfigure, unscrew the assembly and reposition it as desired.
- Ensure that all components are securely fastened after reconfiguration.

4. Final Check:

- Before using the firearm, doublecheck that all cables are routed safely and that the WCK is

securely installed.

- Ensure that there are no obstructions that may interfere with the operation of your firearm.

Disposal Instructions

- Dispose of any components of the WCK in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.

Contact Information for Further Support

For any inquiries regarding safety, compatibility, or further assistance, please refer to the appropriate contact points established by the manufacturer or local authorities. Always ensure you are following the latest safety guidelines and regulations.

By following these safety instructions, you can ensure a safe and effective use of the Magpul WCK Wire Control Kit. Thank you for prioritizing safety in your practices.
