

ZERO M-SERIES SIZING DIES - AREA 419 ZERO M-SERIES 6MM CREEDMOR SIZING DIE W/ZERO SHELL HOLDER

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The ZERO M-Series Sizing die is the culmination of years of testing, research, trial, error, frustration, and finally, discoveries. As Reloaders, Area 419 knew they needed a die to do certain things, but as the makers of the ZERO Reloading Press, Area 419 also learned a huge amount about what other dies did well or did poorly, and what customers were struggling with on a daily basis. With the ZERO M-Series Sizing Die, Area 419 produced a sizing die that is capable of producing the finest, match-grade ammunition, as well as being user-friendly to new and learning reloaders. Sizing brass doesn't have to be complicated. It doesn't have to require years of trial and error. It just needs equipment, made with the end-user in mind, designed with the understanding that a die is part of an ecosystem of parts. A press, a die, the brass, the rifle – they all have to work together and be designed with one another in mind. This is that. Introducing, the ZERO M-Series Sizing Die. KEY FEATURES Micrometer Adjustable Headspace/Shoulder Bump Precision Ground Expander Mandrels (all dies ship with a .002 neck tension mandrel, or add more increments with Area 419's MANDREL KIT) Full-Length Neck to Extractor Sizing Spring Ejection for Spent Primers Replaceable Steel Decap Pins Reamer Cut to Exacting Dimensions for a TRUE Size (no more sticky bolt after the second firing) Hydraulic Shoulder Pressure Relief 100% Made in AMERICA All dies ship with an Area 419 ZERO Die Ring, a spare decapping pin and necessary install/removal tools. After testing them all, and finding everything Area 419 like and didn't like, and working with thousands of customers and a variety of industry partners, they believe this is what a sizing die should be. Area 419 think you'll agree. NOTE: THIS IS A 1-1/4" DIE, AND REQUIRES A HYBRID OR 1-1/4" TURRET ON YOUR ZERO (OR OTHER PRESS). IT CANNOT BE USED WITH A 7/8" TURRET OR OTHER 7/8" PRESS.

Attributes

- Name: [AREA 419 ZERO M-SERIES 6MM CREEDMOR SIZING DIE W/ZERO SHELL HOLDER](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430107254
- Mfr. No.: 419-ZERODIE-M6SH
- Cartridge: 6.5 Creedmoor
- Die Style: Sizing Dies
- Delivery weight: 1.361kg
- Shipping height: 51mm
- Shipping width: 152mm
- Shipping length: 229mm
- UPC: 810080181588

ZERO MSERIES SIZING DIES SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the ZERO MSeries Sizing Die. This guide provides essential safety instructions and precautions to ensure the safe and effective use of your reloading equipment. Please read this guide carefully before using the product.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe use of the ZERO MSeries Sizing Die.
- Ensure that your work area is clean, welllit, and free from distractions.
- Keep the product out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Be aware of the potential hazards associated with reloading ammunition, including the risk of injury from sharp tools and explosive materials.
- Regularly inspect the die and associated equipment for wear or damage before use.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the die is properly installed in the reloading press before use.
- Do not exceed the recommended specifications for the die, including cartridge type and press compatibility.
- Always use the correct caliber mandrels and accessories as specified by the manufacturer.
- Avoid using excessive force when operating the press, as this may damage the die or cause injury.
- Keep hands and body clear of moving parts during operation to prevent injury.
- Do not attempt to modify the die or any associated equipment.
- Store the die and accessories in a safe, dry place when not in use.

Instructions for Installation and Usage

1. Installation:

- Ensure that your press is compatible with a 11/4" die.
- Remove any existing die from the press, if applicable.
- Insert the ZERO MSeries Sizing Die into the press and secure it according to the manufacturer's instructions.
- Attach the ZERO Die Ring and ensure that all components are tightly fastened.

2. Usage:

- Prepare your brass by cleaning and inspecting for damage.
- Select the appropriate micrometer adjustable headspace/shoulder bump setting based on your specific reloading requirements.
- Insert the brass into the die and operate the press smoothly and steadily.
- After sizing, carefully remove the brass and inspect it for uniformity.
- Eject spent primers using the spring ejection feature, ensuring that your hands are clear of the ejection path.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Follow local guidelines for the disposal of reloading materials and spent primers.
- Recycle packaging materials where possible.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for prioritizing safety while using the ZERO MSeries Sizing Die. Your careful attention to these instructions will help ensure a safe and enjoyable reloading experience.
