# Safety Instruction Guide for LuthAR AR15 Bolt Gas Rings

## Introduction

Thank you for choosing LuthAR's .223 gas rings for your ARstyle rifle. This guide provides essential safety information and instructions for the proper use, installation, and disposal of the product. It is important to follow these guidelines to ensure safe operation and to maintain the integrity of your firearm.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your ARstyle rifle before installing or using the gas rings.
- Always handle firearms with care and treat every firearm as if it is loaded.
- Store gas rings and all firearm accessories out of reach of children and unauthorized individuals.
- Regularly inspect the gas rings for wear or damage before use.
- If you suspect that the gas rings are defective or have been damaged, do not use them and contact a qualified gunsmith.

## Specific Safety Precautions for Use

- Use only LuthAR's .223 gas rings with .223 caliber rifles.
- Do not attempt to modify the gas rings in any way.
- Ensure that the gas tube is clean and free of obstructions before installation.
- When installing or replacing gas rings, wear safety glasses to protect your eyes from potential debris.
- After installation, perform a function check of your rifle to ensure proper operation.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your rifle is unloaded and pointed in a safe direction.
- Gather necessary tools, including a punch and hammer if required.

### 2. Removing Old Gas Rings:

- Carefully disassemble the bolt carrier group from your rifle.
- Remove the old gas rings from the bolt by sliding them off.

### 3. Installing New Gas Rings:

- Take the new LuthAR gas rings and slide them onto the bolt.
- Ensure that the gas rings are positioned correctly. It is recommended to stagger the gaps of the rings for optimal sealing.
- Reassemble the bolt carrier group and ensure that all components are properly seated.

### 4. Function Check:

- After installation, perform a function check by cycling the action of your rifle.
- Ensure that the rifle operates smoothly and that there are no gas leaks.

## **Disposal Instructions**

- Dispose of old gas rings in accordance with local regulations.
- Do not dispose of gas rings in regular household waste. Instead, take them to a designated recycling or hazardous waste facility if applicable.

## **Contact Information for Further Support**

For any questions or concerns regarding the installation or safety of LuthAR's .223 gas rings, please refer to the manufacturer's website or contact their customer support for assistance.

## **Conclusion**

Following these safety instructions will help ensure the safe and effective use of LuthAR's .223 gas rings. Always prioritize safety and responsible firearm handling practices. Thank you for your attention to these guidelines, and enjoy your shooting experience!
