Safety Instruction Guide for AR15 Extractor ORings

Introduction

Thank you for choosing the AR15 Extractor ORings from LuthAR. This guide provides essential safety information, installation instructions, and usage precautions to ensure safe and effective operation of your product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the product is used in accordance with all local laws and regulations.
- Always handle firearms and related components with care to prevent accidents.
- Store the AR15 Extractor ORings in a secure location, away from children and unauthorized users.
- Regularly inspect the Orings for wear or damage before each use.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Only use the AR15 Extractor ORings in compatible .223 caliber and 5.56 caliber ARs.
- Ensure that the firearm is unloaded before installing or replacing the Orings.
- Avoid using the Orings if they show signs of damage, such as cracks or deformation.
- Do not modify the Orings or use them in a manner not intended by the manufacturer.
- Always wear appropriate safety gear, such as eye protection, when handling firearms.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools, such as a punch tool or small screwdriver for installation.

2. Installation:

- Locate the bolt extractor spring on your AR15.
- Carefully slide the new AR15 Extractor ORing over the bolt extractor spring.
- Ensure that the Oring is seated properly and securely.

3. Usage:

- After installation, perform a function check of the firearm to ensure proper operation.
- If you experience any issues, such as failure to extract, inspect the Oring for proper installation and condition.

4. Maintenance:

- Regularly check the condition of the Oring during routine firearm maintenance.
- Replace the Oring if it appears worn or damaged.

Disposal Instructions

- Dispose of any worn or damaged Orings in accordance with local regulations.
- Do not dispose of Orings in a manner that could harm the environment.

- Consider recycling options where available.

Contact Information for Further Support

For any questions or concerns regarding the AR15 Extractor ORings, please consult the official website or contact the manufacturer directly for assistance.

Note: This product is intended for responsible users who understand the importance of safety when handling firearms. Always prioritize safety and compliance with applicable laws.
