SCT 43X Sub Compact Stripped Polymer Frame

Safety Instructions

Introduction

Thank you for choosing the SCT 43X Sub Compact Stripped Polymer Frame. This product is designed to enhance your pistol building experience while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use and handle this product safely and effectively.

General Safety Guidelines

- Always treat the firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that the firearm is stored securely and out of reach of children and unauthorized users.
- Wear appropriate safety gear, including eye and ear protection, when using the firearm.
- Regularly inspect the firearm and its components for wear or damage.
- Be aware of your surroundings and ensure a safe shooting environment.
- Follow all local laws and regulations regarding firearm use and ownership.

Specific Safety Precautions for Use

- Do not attempt to modify the SCT 43X frame beyond the manufacturer's specifications.
- Ensure that all components used with the SCT 43X frame are compatible and properly installed.
- Be cautious of any sharp edges on the frame that may cause injury during handling.
- Always use the frame in conjunction with a certified gunsmith for installation of mating components.
- Do not use the frame with ammunition that exceeds the manufacturer's specifications.
- If you experience any malfunctions or unusual behavior, cease use immediately and consult a qualified professional.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary components and tools before beginning the installation.
- Ensure you are working in a clean, welllit area.

2. Frame Assembly:

- Carefully unpack the SCT 43X polymer frame and inspect it for any visible damage.
- Follow the manufacturer's instructions for assembling the frame with the Glock® 43X and 48 components.
- Ensure the electroless nickel locking block and other components are securely installed.

3. Testing:

- After assembly, conduct a thorough function check to ensure all components operate correctly.
- Verify that the trigger assembly functions smoothly and that the magazine catch operates without obstruction.

4. Usage:

- When using the firearm built with the SCT 43X frame, always follow standard firearm safety practices.

- Regularly clean and maintain the frame and its components to ensure optimal performance.

5. **PostUse:**

- After use, ensure the firearm is unloaded and stored safely.
- Conduct regular inspections to check for wear or damage.

Disposal Instructions

- Dispose of the SCT 43X frame and any related components in accordance with local regulations.
- Do not dispose of the frame in regular household waste.
- Contact your local waste management authority for information on proper disposal methods for polymer materials.

Contact Information for Further Support

For any inquiries regarding safety, product support, or installation assistance, please reach out to the manufacturer or a qualified professional. Always ensure that you are following the most up-to-date safety guidelines and practices.

Thank you for prioritizing safety and responsibility in your firearm use.
