# Safety Instruction Guide for SCT 43X Sub Compact Assembled Polymer Frame

## Introduction

Thank you for choosing the SCT 43X Sub Compact Assembled Polymer Frame. This guide provides essential safety instructions, usage guidelines, and information for the proper installation and disposal of your product. Please read this manual carefully before using the frame to ensure safe and effective operation.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that the frame is assembled correctly before using it with any slide or components.
- Do not exceed the manufacturer's specifications for ammunition or modifications.
- Regularly inspect your firearm for signs of wear or damage.
- Store the firearm securely and out of reach of children.
- Always use appropriate personal protective equipment when handling firearms.

## Specific Safety Precautions for Use

- Ensure that all components used with the SCT 43X frame are compatible and in good working condition.
- Do not attempt to modify the frame or any components unless you are a certified gunsmith.
- Be aware of the recoil and handling characteristics of the firearm to maintain control during use.
- Use only factoryapproved Glock® components with the SCT 43X frame.
- Familiarize yourself with the operation of the firearm before use, including trigger pull and magazine function.
- Always perform a function check after assembling the frame with a slide.

## Instructions for Installation and Usage

### Installation Instructions

1. **Verify Compatibility:** Ensure that you have compatible Glock® 43X or 48 components.
2. **Assemble the Frame:**
  - Insert the electroless nickel locking block into the polymer frame.
  - Attach the OEM trigger assembly by aligning it with the frame.
  - Secure the magazine catch and spring in their designated positions.
  - Install the steel trigger pin and locking block pin to hold the assembly in place.
  - Attach the slide lock and coil spring as per the manufacturer's specifications.
3. **Function Testing:**
  - After assembly, conduct a function test with a Glock® factory slide.
  - Check for safe operation, striker engagement, trigger pull, trigger reset, and magazine function.

### Usage Instructions

- Load the firearm only when you are ready to use it.
- Always ensure the safety is engaged until you are prepared to fire.
- Maintain a firm grip on the firearm and be aware of your surroundings.
- Follow all local laws and regulations regarding firearm usage.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the frame in regular household waste.
- Contact local authorities or a licensed firearms dealer for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or safety concerns regarding the SCT 43X Sub Compact Assembled Polymer Frame, please reach out to the appropriate contact points available in your region.

## **Conclusion**

The SCT 43X Sub Compact Assembled Polymer Frame is designed for safe and reliable use when handled properly. By following these safety instructions and guidelines, you can ensure a positive experience with your firearm. Always prioritize safety and seek professional assistance when needed. Thank you for your attention to these important safety measures.
