

CARLSON'S CHOKE TUBE LUBE - CARLSONS CHOKE TUBE LUBE & BREECH PLUG GREASE .65OZ

[Gun Cleaning & Chemicals](#) > [Oils & Lubricants](#) > [Lubricant & Protectant Oils](#)

Carlson's NEW Choke Tube Lube is excellent for use on all choke tubes. Also works great on full-auto locking lugs, sears, bolts, and slide/rails. Smooth and clean operation in the severe cold (-100°F) and will hold up under extreme heat (+750°F) as well. This lube offers extreme pressure properties that are guaranteed to reduce friction and wear on weapons and choke tubes. This product will not attract dust, dirt, or powder fouling like most petroleum based products and does not contain Teflon or PTFE additives. Supplied in a 30 ml syringe.

CARLSON'S CHOKE TUBE LUBE Safety Instruction Guide

Introduction

Thank you for choosing CARLSON'S CHOKE TUBE LUBE. This product is designed to enhance the performance of your choke tubes and other firearm components. It is essential to follow safety guidelines to ensure safe and effective use. This guide provides important safety information and instructions for safe handling and usage of the product.

General Safety Guidelines

- Always read the product label and safety information before use.
- Keep out of reach of children and pets.
- Use in a wellventilated area to avoid inhalation of fumes.
- Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water.
- Do not ingest. If swallowed, seek medical attention immediately.
- Store in a cool, dry place away from direct sunlight and heat sources.
- Dispose of any unused product in accordance with local regulations.

Specific Safety Precautions for Use

- Ensure that the area is free from flammable materials before applying the lube.
- Use gloves when handling the product to prevent skin irritation.
- Do not mix with other chemicals or lubricants unless specified by the manufacturer.
- Avoid using the product on hot surfaces or near open flames.
- Always follow the manufacturer's instructions for application and usage.

Instructions for Installation and Usage

1. Preparation:

- Clean the choke tube and the areas to be lubricated to remove any dirt or residue.
- Ensure the firearm is unloaded and in a safe condition before applying the lube.

2. Application:

- Squeeze a small amount of CARLSON'S CHOKE TUBE LUBE from the syringe onto the choke tube or the component being lubricated.
- Use a clean cloth or brush to spread the lube evenly over the surface.
- Allow the product to penetrate for a few moments before reassembling the firearm components.

3. PostApplication:

- Wipe off any excess lubricant to prevent buildup and ensure smooth operation.
- Reassemble the firearm according to the manufacturer's instructions.

Disposal Instructions

- Dispose of any excess product and packaging in accordance with local waste disposal regulations.
- Do not pour down drains or dispose of in the environment.
- Check for any specific disposal instructions on the product label.

Contact Information for Further Support

For any safety inquiries or further information, please refer to the manufacturer's contact details provided on the product packaging. If you encounter an unsafe product or an accident, report it to the appropriate authorities.

Conclusion

Following these safety instructions will help ensure the safe and effective use of CARLSON'S CHOKE TUBE LUBE. Always prioritize safety and refer to this guide whenever necessary. Thank you for your attention to these important guidelines.
