Safety Instruction Guide for LIBERTY II RMR 1X24MM Reflex Sight

Introduction

Thank you for choosing the LIBERTY II RMR 1X24MM Reflex Sight from Swampfox Optics. This guide provides essential safety instructions and usage guidelines to ensure safe and effective use of the product. Please read this document carefully before using the reflex sight.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, as described in this manual.
- Always handle the reflex sight with care to avoid damage.
- Keep the reflex sight out of reach of children and unauthorized users.
- Regularly check the product for signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Eye Safety:** Always use the reflex sight with proper eye protection to prevent injury.
- **Mounting:** Ensure that the sight is securely mounted on your firearm before use.
- **Battery Handling:** Handle the CR1632 battery with care. Do not expose it to extreme temperatures or fire.
- **Moisture Protection:** The reflex sight is waterproof (IPX 7 Rated). However, avoid prolonged exposure to water to maintain optimal performance.
- **Illumination Settings:** Adjust the brightness settings according to the ambient light conditions to avoid eye strain.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Use the provided mounting hardware to attach the reflex sight securely to the firearm.
- Tighten all screws to the manufacturer's specifications to prevent loosening during use.

2. Battery Installation:

- Open the battery compartment located on the side of the reflex sight.
- Insert the CR1632 battery, ensuring the positive side is facing up.
- Close the battery compartment securely.

3. Adjusting the Reticle:

- Turn on the reflex sight using the digital button.
- Select your desired reticle (3 MOA Green, 3 MOA Red, or MultiReticle) using the adjustment settings.
- Adjust the brightness settings to suit your environment.

4. Zeroing the Sight:

- At the range, fire a group of shots to determine the point of impact.

- Use the elevation and windage adjustments to align the reticle with the point of impact.
- Repeat until the sight is zeroed to your satisfaction.

5. Maintenance:

- Regularly clean the lenses with a soft, lintfree cloth.
- Store the reflex sight in a cool, dry place when not in use.

Disposal Instructions

- Dispose of the reflex sight and its components in accordance with local regulations.
- Do not dispose of batteries in household waste. Instead, take them to designated battery recycling points.

Contact Information for Further Support

For any questions or concerns regarding the LIBERTY II RMR 1X24MM Reflex Sight, please refer to the contact information provided with your product packaging or visit the manufacturer's website for support resources.

Thank you for choosing Swampfox Optics. Your safety is our priority, and we hope you enjoy using your LIBERTY II RMR 1X24MM Reflex Sight.
