

TOMAHAWK II LPVO 1-4X24MM SFP ILLUMINATED RIFLE SCOPE - SWAMPFOX OPTICS TOMAHAWK II LPVO 1-4X24MM SFP ILLUMINATED GREEN BDC BLACK

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

Tomahawk II represents the next generation of Swampfox's Second Focal Plane LPVO line, designed with direct input from the end users. With increased optical performance in mind, Tomahawk II is designed for ease of use with a forgiving eye box and expansive field of view. The Tomahawk II comes with red or green BDC or the new BFO (Bright Fiber Optic) reticles. This LPVO, housed in a 30mm tube and includes push/pull locking elevation with zero reset, capped windage and 12 illumination settings with intermittent off positions. Clarity and universal application are key for the Tomahawk II series.

Tomahawk II LPVO 14X24MM SFP Illuminated Rifle Scope Safety Instructions

Introduction

Thank you for choosing the Tomahawk II LPVO 14X24MM SFP Illuminated Rifle Scope by Swampfox Optics. This guide provides essential safety instructions and guidelines to ensure the proper and safe use of your rifle scope. Please read this document carefully to familiarize yourself with the safety measures and operational procedures.

General Safety Guidelines

- Ensure that the rifle scope is used only in accordance with the manufacturer's instructions.
- Always treat your rifle as if it is loaded. Keep the muzzle pointed in a safe direction at all times.
- Store the rifle scope in a secure location, away from children and unauthorized users.
- Regularly inspect the scope for any signs of damage or wear. Do not use the scope if it is damaged.
- Be aware of your surroundings and ensure a safe shooting environment.
- Follow all local laws and regulations regarding the use of firearms and optical devices.

Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection when using the rifle scope to prevent injury from possible recoil or debris.
- **Mounting:** Ensure that the scope is securely mounted to the rifle. A loose scope can affect accuracy and may lead to accidents.
- **Adjustments:** Make adjustments to the scope only when the firearm is pointed in a safe direction and not loaded.
- **Illumination Settings:** Familiarize yourself with the illumination settings before use. Use the lowest setting necessary to maintain visibility.
- **Parallax Setting:** Ensure that the parallax is properly set for the distance you are shooting to enhance accuracy and safety.

Instructions for Installation and Usage

1. Installation:

- Remove the scope from its packaging and inspect for any damage.
- Attach the scope to the rifle using the appropriate mounting rings. Ensure that it is aligned properly and securely tightened.
- Adjust the eye relief to ensure a comfortable viewing position without risking injury from recoil.

2. Usage:

- Before using the scope, check the illumination settings and adjust as needed for your environment.
- When aiming, ensure that you have a clear line of sight and that your target is in a safe area.
- Use the magnification settings appropriately for the distance to your target.
- After use, turn off the illumination to conserve battery life.

Disposal Instructions

- Dispose of the rifle scope and its components in accordance with local regulations.
- Do not dispose of batteries in household waste. Follow local guidelines for battery disposal or recycling.

Contact Information for Further Support

For any safety inquiries or support related to the Tomahawk II LPVO 14X24MM SFP Illuminated Rifle Scope, please refer to the manufacturer's website or contact your local retailer for assistance.
