

TOMAHAWK II LPVO 1-6X24MM SFP ILLUMINATED RIFLE SCOPE - SWAMPFOX OPTICS TOMAHAWK II LPVO 1-6X24MM SFP ILLUMINATED RED BDC BLACK

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

Tomahawk II represents the next generation of Swampfox's Second Focal Plane LPVO line, designed with direct input from the end users. With increased optical performance in mind, Tomahawk II is designed for ease of use with a forgiving eye box and expansive field of view. The Tomahawk II comes with red or green BDC or the new BFO (Bright Fiber Optic) reticles. This LPVO, housed in a 30mm tube and includes push/pull locking elevation with zero reset, capped windage and 12 illumination settings with intermittent off positions. Clarity and universal application are key for the Tomahawk II series.

Safety Instruction Guide for TOMAHAWK II LPVO 16X24MM SFP ILLUMINATED RIFLE SCOPE

Introduction

Thank you for choosing the TOMAHAWK II LPVO 16X24MM SFP ILLUMINATED RIFLE SCOPE from Swampfox Optics. This guide provides essential safety instructions to ensure the safe and effective use of your new rifle scope. Please read this guide carefully before using the product.

General Safety Guidelines

- Always treat every firearm and accessory as if it is loaded.
- Use the scope only for its intended purpose and in accordance with local laws and regulations.
- Ensure that the rifle scope is mounted securely and correctly on your firearm.
- Regularly inspect the scope for any signs of damage or wear.
- Keep the scope and all firearms out of the reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Stay informed about recalls or safety updates by checking the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection when using firearms equipped with this scope.
- **Mounting:** Ensure that the scope is mounted securely to prevent it from loosening during use.
- **Weather Conditions:** Avoid using the scope in extreme weather conditions that may affect performance.
- **Illumination Settings:** Adjust the illumination settings according to the lighting conditions to avoid eye strain.
- **Handling:** Always handle the scope with care to avoid dropping or damaging it.
- **Parallax Adjustment:** Be aware of the parallax setting to ensure accurate targeting.
- **Battery Safety:** Use only the specified CR2032 battery for illumination. Replace batteries in a clean, dry environment.

Instructions for Installation and Usage

Installation Steps

1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools for mounting the scope.

2. Mounting the Scope:

- Align the scope with the mounting rings on the rifle.
- Securely tighten the mounting rings, ensuring the scope is level and properly positioned.
- Check that the scope is secure and does not move when adjusted.

3. Setting the Eye Relief:

- Position the scope to achieve the recommended eye relief of 3.39" to 3.54".
- Verify that you can comfortably see the reticle without straining.

4. Adjusting the Turret:

- Use the push/pull locking elevation turret to make adjustments.
- Ensure the zero reset feature is set correctly after adjustments.

5. Illumination Setup:

- Insert the CR2032 battery into the sidemounted battery compartment.
- Adjust the illumination settings based on your preference and environmental conditions.

Usage Instructions

- **Magnification Adjustment:**

- Rotate the magnification ring to adjust between 1x and 6x.
- Always ensure the target is in focus before firing.

- **Field of View:**

- Utilize the expansive field of view for better situational awareness.
- Be mindful of your surroundings when aiming.

- **Regular Maintenance:**

- Clean the lens with a soft, lintfree cloth.
- Store the scope in a dry and safe location when not in use.

Disposal Instructions

When it is time to dispose of your TOMAHAWK II LPVO scope, please follow these guidelines:

- **Battery Disposal:** Dispose of the CR2032 battery in accordance with local regulations for hazardous waste.
- **Scope Disposal:** If the scope is no longer functional, consider recycling it if possible. Check with local recycling centers for specific guidelines.
- **Environmental Considerations:** Do not dispose of the scope in regular household waste. Ensure that it is disposed of in an environmentally responsible manner.

Contact Information for Further Support

For any questions or concerns regarding the TOMAHAWK II LPVO rifle scope, please consult the product manual or reach out to the manufacturer directly. Ensure that you have your model number and purchase information available for reference.

This guide is designed to ensure the safe use of your TOMAHAWK II LPVO 16X24MM SFP ILLUMINATED RIFLE SCOPE. By following these instructions, you can enjoy the full benefits of your new scope while ensuring safety for yourself and others. Thank you for your attention to these important safety guidelines.
