

TOMAHAWK II LPVO 1-6X24MM SFP ILLUMINATED RIFLE SCOPE - SWAMPFOX OPTICS TOMAHAWK II LPVO 1-6X24MM SFP ILLUMINATED RED BFO BLACK

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

Tomahawk II represents the next generation of Swampfox's Second Focal Plane LPVO line, designed with direct input from the end users. With increased optical performance in mind, Tomahawk II is designed for ease of use with a forgiving eye box and expansive field of view. The Tomahawk II comes with red or green BDC or the new BFO (Bright Fiber Optic) reticles. This LPVO, housed in a 30mm tube and includes push/pull locking elevation with zero reset, capped windage and 12 illumination settings with intermittent off positions. Clarity and universal application are key for the Tomahawk II series.

Tomahawk II LPVO 16X24MM SFP Illuminated Rifle Scope Safety Instructions

Introduction

Thank you for choosing the Tomahawk II LPVO 16X24MM SFP Illuminated Rifle Scope by Swampfox Optics. This scope is designed for enhanced optical performance and ease of use. To ensure safe operation and maximize the lifespan of your scope, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the scope with care to prevent damage.
- Be aware of your surroundings and ensure that no one is in the line of fire when using the scope.
- Keep the scope out of reach of children and unauthorized users.
- Regularly check for any signs of wear or damage. If any issues are found, discontinue use immediately.
- Follow local laws and regulations regarding the use of firearm accessories and scopes.

Specific Safety Precautions for Use

- Do not look directly at the sun through the scope, as this can cause permanent eye damage.
- Ensure that the scope is securely mounted to your firearm before use.
- Use appropriate protective eyewear when using the scope, especially in outdoor environments.
- Adjust the illumination settings according to the environment to avoid eye strain.
- If the scope becomes wet, dry it thoroughly before storing or using it again.
- Always use the scope in conditions suitable for its design specifications.

Instructions for Installation and Usage

Installation

1. Mounting the Scope:

- Ensure your firearm is unloaded before beginning installation.
- Attach the scope to the rifle using the provided mounting rings.
- Ensure that the scope is level and securely fastened to prevent movement during use.

2. Adjusting the Scope:

- Set the desired magnification by rotating the magnification ring.
- Adjust the eye relief by moving the scope forward or backward until a clear sight picture is achieved.

Usage

• Illumination Settings:

- To adjust the illumination, turn the turret to select the desired brightness level.
- The scope features 12 illumination settings, including intermittent off positions.

• Focusing:

- Use the fast focus diopter to adjust the reticle clarity according to your vision needs.

- **Zeroing the Scope:**

- Follow manufacturer guidelines for zeroing the scope to ensure accurate targeting.

- **Maintenance:**

- Clean the lenses with a soft, lintfree cloth. Avoid using harsh chemicals.
- Store the scope in a dry, cool place when not in use.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and firearm accessories.
- Remove the battery before disposal. Dispose of batteries at designated recycling centers.

Contact Information for Further Support

For any safety inquiries, product support, or to report unsafe products, please refer to the official Swampfox Optics website or your local regulatory authority.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Tomahawk II LPVO 16X24MM SFP Illuminated Rifle Scope. Thank you for your attention to safety, and enjoy your new scope!
