# Apollo Electronic Sound Suppressors Safety Instruction Guide

## Introduction

Thank you for choosing the Apollo Electronic Sound Suppressors from Savior Equipment. This product is designed to provide effective ear protection while enhancing your auditory experience in various environments. This guide outlines important safety information, usage instructions, and disposal methods to ensure your safety and the longevity of the product.

## General Safety Guidelines

- Ensure the product is used in accordance with the instructions provided in this guide.
- Regularly inspect the sound suppressors for any signs of wear or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the product in environments where it may not provide adequate protection from harmful noises.
- Report any unsafe product conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Hearing Protection:** The Apollo Electronic Sound Suppressors have a noise reduction rating (NRR) of 24 dB. Ensure that you are in an appropriate environment where this level of protection is sufficient.
- **Battery Safety:** The product operates with 2 AAA batteries. Use only the recommended battery type. Do not mix old and new batteries or different battery types.
- **Environmental Awareness:** While the product amplifies environmental sounds, remain aware of your surroundings, especially in potentially hazardous situations.
- **Comfort and Fit:** Adjust the padded mesh headband and gel ear pads for a snug fit to ensure maximum comfort and effectiveness.

## Instructions for Installation and Usage

### 1. Battery Installation:

- Open the battery compartment located on the side of the ear muff.
- Insert 2 AAA batteries, ensuring the correct polarity (+/-) is followed.
- Close the battery compartment securely.

### 2. Adjusting the Ear Muffs:

- Place the ear muffs over your ears.
- Adjust the headband to fit snugly on your head without causing discomfort.
- Ensure the gel ear pads create a good seal around your ears.

### 3. Using the Power Knob:

- Turn the power knob to the "ON" position to activate the sound suppressors.
- Adjust the knob to amplify environmental sounds and voices as needed.
- In loud environments, the product will automatically compress harmful noises.

### 4. Storage and Transport:

- When not in use, fold the ear cups inward for compact storage.

- Store the product in a dry place, away from direct sunlight and extreme temperatures.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste.
- Remove batteries before disposal and recycle them according to local guidelines.
- Do not dispose of the product in regular household waste.

## Contact Information for Further Support
