## **APOLLO ELECTRONIC SOUND SUPPRESSOR PEACH**

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Ear Muffs](#)

Meet the Apollo Electronic Sound Suppressors from Savior Equipment! This ear protection features a 24dB noise reduction rating! With a twist of the power knob, environmental sounds and voices are amplified while loud, harmful noises are instantly compressed. The Apollo Electronic Sound Suppressors operate with 2 AAA Batteries. The Apollo Ear Muffs have cool gel ear pads and a padded mesh headband for all day comfort. These Ear Muffs are compact and collapsible, making them hassle-free to carry on any outing. You can flip the ear cups out when needed, and simply fold them in when you are done. Not only do the Apollo Ear Muffs come in several colors, they also feature a fan favorite writeable ID patch for instant identification.

# Apollo Electronic Sound Suppressors Safety Instruction Guide

## Introduction

Thank you for choosing the Apollo Electronic Sound Suppressors from Savior Equipment. These ear protection devices are designed to provide a safe and comfortable experience while effectively reducing harmful noise. This guide contains important safety instructions and guidelines to ensure proper usage and maintenance of your Apollo Electronic Sound Suppressors.

## General Safety Guidelines

- Always inspect the product before each use to ensure that it is in good condition.
- Do not use the product if it is damaged or malfunctioning.
- Keep the product out of reach of children when not in use.
- Follow all instructions provided in this guide to ensure safe operation.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Noise Reduction Rating (NRR):** The Apollo Electronic Sound Suppressors have a noise reduction rating of 24 dB. This means they are effective in reducing loud sounds, but they do not eliminate all noise.
- **Environmental Sounds:** The device amplifies environmental sounds and voices. Be aware of your surroundings when using the product in public or active environments.
- **Battery Safety:** The product operates with 2 AAA batteries. Ensure that batteries are inserted correctly and replace them as needed.
- **Comfort:** The ear pads are designed for comfort. If you experience discomfort, adjust the fit or take breaks as necessary.
- **Collapsibility:** The ear muffs are collapsible for easy transport. Always ensure they are properly folded when storing.

## Instructions for Installation and Usage

### 1. Inserting Batteries:

- Open the battery compartment located on the ear muffs.
- Insert 2 AAA batteries, ensuring the positive (+) and negative (-) ends are aligned correctly.
- Close the battery compartment securely.

### 2. Adjusting the Fit:

- Place the ear muffs over your ears.
- Adjust the padded mesh headband for a snug and comfortable fit.

### 3. Using the Power Knob:

- Turn the power knob to the "on" position to activate the amplifying feature.
- Adjust the knob to control the amplification level of environmental sounds.

### 4. Collapsing the Ear Muffs:

- To fold the ear muffs, gently flip the ear cups inward until they are compact.

- Store the ear muffs in a safe place when not in use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for electronic waste.
- Remove batteries before disposal and recycle them separately if possible.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any inquiries or support regarding your Apollo Electronic Sound Suppressors, please refer to the manufacturer's contact information provided on the packaging or visit the manufacturer's website for assistance.

Thank you for taking the time to read this safety instruction guide. By following these guidelines, you can ensure a safe and enjoyable experience with your Apollo Electronic Sound Suppressors.
