

# UNIVERSAL CASE COLLATOR - LEE PRECISION UNIVERSAL CASE COLLATOR

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Lee Universal Case Collator fits on top of the Universal 5 tube case feed magazine, makes filling the tubes faster on the APP, Pro 1000, Pro 4000, Load-Master and Six Pack Pro presses. Case diverter prevents inverted cases and promotes quicker filling. Hole mask allows proper head down orientation of smallest pistol cases. Works reliably for the 223 Remington. Agitation ribs promote expedited tube filling. Nearly 40% greater capacity over our original case collator.

# Safety Instruction Guide for Lee Precision Universal Case Collator

## Introduction

Thank you for choosing the Lee Precision Universal Case Collator. This product is designed to enhance your reloading experience by making the filling of case tubes faster and more efficient. To ensure your safety and the safe operation of this product, please read and follow the guidelines outlined in this document.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always use the Universal Case Collator in a welllit and clean environment.
- Avoid wearing loose clothing or jewelry that could become caught in the device.
- Do not attempt to modify or repair the product on your own.
- Ensure that the case diverter is correctly positioned to prevent inverted cases.
- Use only compatible cases as specified in the product documentation to avoid jams or malfunctions.
- Handle the product with care to prevent injury from sharp edges.

## Instructions for Installation and Usage

### Installation

1. **Placement:** Position the Universal Case Collator securely on top of the Universal 5 tube case feed magazine.
2. **Alignment:** Ensure that the collator is aligned properly to prevent misfeeds.
3. **Connection:** If applicable, connect any additional components as per the manufacturer's instructions.

### Usage

1. **Filling the Tubes:**
  - Load the appropriate cases into the collator.
  - Ensure that the hole mask is in place for proper headdown orientation of the smallest pistol cases.
  - Activate the agitation ribs to promote expedited tube filling.
2. **Monitoring:**
  - Regularly check the filling process to ensure cases are being fed correctly.
  - Stop operation immediately if you notice any jams or irregularities.
3. **PostUse:**
  - Disconnect the product from any power source if applicable.
  - Clean the collator after use to maintain its functionality and longevity.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding electronic waste and materials.
- Do not dispose of the product in regular household waste.
- Consider recycling options for components that can be recycled.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or support, please refer to the manufacturer's website or contact your local distributor. Always ensure that you have the product details at hand when seeking assistance.

By following these guidelines, you can ensure a safe and effective experience with your Lee Precision Universal Case Collator. Thank you for prioritizing safety in your reloading practices.
