

ROLLER HANDLE UPGRADE FOR SIX PACK/CLASSIC SERIES PRESSES

The Big Press Roller Handle is ergonomically correct for long reloading sessions and has a compound bend which eliminates the need to slouch on the down stroke. What sets Lee's Big Press Roller Handle apart from others, is their high strength tubular steel handle is balanced, reducing the likelihood of any pinched fingers. Upgrade your Six Pack Pro, Classic Turret Press or Classic Cast ball grip to an ergonomic hardwood roller handle grip. Note: Classic Turret and Classic Cast presses purchased prior to year 2023 will need updated 10-degree lever clamp and 10 degree lever sleeve. Pre-2023 press owners, make sure a 10-degree lever clamp and lever sleeve are added *

Safety Instruction Guide for ROLLER HANDLE UPGRADE FOR SIX PACK/CLASSIC SERIES PRESSES

Introduction

Thank you for choosing the ROLLER HANDLE UPGRADE FOR SIX PACK/CLASSIC SERIES PRESSES by LEE PRECISION. This ergonomic roller handle is designed to enhance your reloading experience by providing comfort and reducing strain during long sessions. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this guide.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage. If any issues are found, discontinue use immediately.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always use the roller handle with the compatible presses: Six Pack Pro, Classic Turret Press, or Classic Cast.
- Ensure that the handle is securely attached before use to prevent accidents.
- Avoid placing fingers near the moving parts during operation to prevent pinching or injury.
- Do not overload the press beyond its recommended capacity.
- Use caution when operating the press, especially when using new or unfamiliar materials.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that your press is turned off and unplugged (if applicable) before beginning installation.
2. **Remove Existing Handle:** Carefully remove the existing handle from your press.
3. **Attach the Roller Handle:**
 - Align the roller handle with the lever clamp.
 - Ensure that the handle is positioned correctly and securely.
 - Tighten the lever clamp to hold the handle in place.
4. **Check for Compatibility:** If you have a Classic Turret or Classic Cast press purchased before 2023, ensure you have the updated 10degree lever clamp and lever sleeve for proper installation.
5. **Final Check:** Before using the press, doublecheck that the roller handle is securely attached.

Usage

- Hold the roller handle with a firm grip while operating the press.
- Use a smooth, controlled motion when pulling the handle down to avoid sudden jerks that may lead to accidents.
- Take regular breaks during long reloading sessions to prevent fatigue.

Disposal Instructions

- Dispose of the product in accordance with local waste management regulations.
- If the product is no longer usable, consider recycling components where possible.
- Do not dispose of the product in household waste.

Contact Information for Further Support

For any questions or concerns regarding the ROLLER HANDLE UPGRADE FOR SIX PACK/CLASSIC SERIES PRESSES, please refer to the manufacturer's contact information provided with your purchase or visit the official LEE PRECISION website for support resources.

By adhering to these guidelines, you can ensure a safe and enjoyable experience with your ROLLER HANDLE UPGRADE FOR SIX PACK/CLASSIC SERIES PRESSES. Thank you for choosing LEE PRECISION, and happy reloading!
