

AUTO PRIMING TOOL KIT - LEE PRECISION AUTO PRIMING TOOL KIT

[Reloading](#) > [Shellholders & Shellplates](#)

Auto Priming tool Includes: The Auto-Prime and nice molded storage box. New Auto-Prime includes: Small and large priming assemblies, and one folding tray. Holds everything including a complete set of shell holders. This kit comes with 8 of the most popular priming tool shell holders, works with over 130 different cartridges. 1, 2, 3, 4, 5, 11, 12, 19. Holds an additional 10 shell holders. This kit is a convenient way to keep your tool and shell holders all in one spot. Please note: Lee Precision has tested the tool by intentionally setting off a variety of brands and types of primers. Lee's testing has demonstrated that wearing safety glasses and hearing protection will prevent serious injury. However, all types of FEDERAL BRAND LARGE PRIMERS frequently caused the entire tray to explode with sufficient force to cause serious and painful injuries. These primers must be fed individually, see step 7 of product instructions, single priming option.

AUTO PRIMING TOOL KIT Safety Instructions

Introduction

Thank you for choosing the AUTO PRIMING TOOL KIT by LEE PRECISION. This guide provides essential safety instructions to ensure the safe use of the product. Please read this manual carefully before using the tool kit, as it contains important information about potential hazards and safe operating procedures.

General Safety Guidelines

- Always wear safety glasses and hearing protection while using the AUTO PRIMING TOOL KIT.
- Keep the tool kit out of reach of children and vulnerable individuals.
- Ensure that the work area is clean and free from distractions.
- Familiarize yourself with all components of the tool kit before use.
- Regularly inspect the tool kit for any signs of wear or damage.
- Follow all instructions provided in this guide to avoid accidents and injuries.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

• Priming Tool Usage:

- The AUTO PRIMING TOOL KIT is designed to be used with specific shell holders. Ensure you are using the correct shell holder for your cartridge.
- Always feed FEDERAL BRAND LARGE PRIMERS individually to prevent the risk of the entire tray exploding.
- Do not attempt to modify or alter the tool kit in any way.

• Handling Primers:

- Handle primers with care and avoid striking or dropping them.
- Store primers in a cool, dry place away from direct sunlight and heat sources.
- Keep primers in their original packaging until ready for use.

• Accident Prevention:

- Do not use the tool kit if you are under the influence of drugs or alcohol.
- Avoid wearing loose clothing or jewelry that could get caught in the tool.
- Do not exceed the recommended number of shell holders in the tool kit.

Instructions for Installation and Usage

1. Setup:

- Open the molded storage box and take out the AUTO PRIMING TOOL and all included components.
- Identify the small and large priming assemblies and the folding tray.

2. Select Shell Holder:

- Choose the appropriate shell holder for your cartridge from the provided set.
- Ensure it is securely attached to the priming tool.

3. Loading Primers:

- Place the priming tool on a stable surface.
- Load primers into the tray one at a time, ensuring they are seated correctly.
- For FEDERAL BRAND LARGE PRIMERS, load them individually as per the instructions.

4. Priming Process:

- Follow the specific steps outlined in the product instructions for priming your cartridges.
- Always maintain a safe distance from the tool while it is in operation.

5. PostUse:

- After use, clean the tool kit and store it in the molded storage box.
- Ensure all components are accounted for before closing the box.

Disposal Instructions

- Dispose of any unused or expired primers in accordance with local regulations.
- When disposing of the AUTO PRIMING TOOL KIT, check with local waste management for proper disposal methods.
- Do not dispose of the tool kit in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or usage of the AUTO PRIMING TOOL KIT, please refer to the official contact points provided by the manufacturer. It is important to stay informed about any product recalls or safety updates.

By following these safety instructions, you can ensure a safe and effective experience with the AUTO PRIMING TOOL KIT. Thank you for your attention to safety, and enjoy using your new tool kit responsibly.
