

RIFLE FULL LENGTH SIZING DIES ONLY - LEE PRECISION .308 WINCHESTER FULL LENGTH SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

A full-length sizing die is designed to resize the entire length of the cartridge case, not just the neck. Unlike neck-sizing dies, which only resize the neck portion, full-length sizing dies are versatile and suitable for any rifle chambered in the same cartridge. When you fire a cartridge, the brass case expands to fit the chamber of your rifle. After firing, the case contracts slightly, but it may not return to its original dimensions. The full-length sizing die restores the case to the correct dimensions by resizing both the neck and body. It also removes any bulges or irregularities caused during firing. Setting up a full-length sizing die involves several steps: Clean the outside of the fired cases with alcohol and a cloth. Zero out the calipers using a headspace comparator and a fired case. Install the full-length sizing die and adjust it gradually until the case shoulder is bumped back by 0.001 inch. Lock the die and lubricate the cases before sizing them. Check the shoulder bump every 10 cases or so and adjust the die if needed. Avoid overworking the brass to prevent case head separation.

Attributes

- Name: [LEE PRECISION .308 WINCHESTER FULL LENGTH SIZING DIE ONLY](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430109139
- Mfr. No.: 91076

RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION .308 WINCHESTER FULL LENGTH SIZING DIE ONLY Safety Instruction Guide

Introduction

Thank you for choosing the RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION .308 WINCHESTER FULL LENGTH SIZING DIE. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this guide carefully before using the die.

General Safety Guidelines

- Ensure that the sizing die is used only for its intended purpose, which is to resize cartridge cases for .308 Winchester.
- Always wear appropriate safety gear, including safety glasses, when handling reloading equipment and materials.
- Keep the work area clean and organized to prevent accidents and ensure efficient operation.
- Store the die in a safe, dry place away from children and unauthorized users.
- Always follow the manufacturer's instructions and recommendations for use.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Before using the sizing die, inspect it for any signs of damage or wear. Do not use a damaged die.
- Ensure that the die is properly installed in the reloading press before beginning the resizing process.
- Use only the recommended lubricants for the cartridge cases to prevent sticking and ensure smooth operation.
- Avoid overworking the brass to prevent case head separation and ensure the longevity of your reloading components.
- Check the shoulder bump every 10 cases and adjust the die as necessary to maintain proper sizing.
- Do not exceed the recommended resizing dimensions to avoid compromising the integrity of the cartridge case.

Instructions for Installation and Usage

1. Preparation:

- Clean the outside of the fired cartridge cases with alcohol and a cloth to remove any debris.
- Use a headspace comparator and a fired case to zero out the calipers.

2. Installing the Die:

- Install the fulllength sizing die into your reloading press securely.
- Gradually adjust the die until the case shoulder is bumped back by 0.001 inch.

3. Sizing the Cases:

- Lock the die in place once the correct adjustment is achieved.
- Lubricate the cases before inserting them into the die to ensure smooth resizing.
- Insert the cartridge cases into the die one at a time, ensuring proper alignment.

4. Checking the Results:

- After resizing every 10 cases, check the shoulder bump and make adjustments to the die if necessary.
- Ensure that all resized cases meet the required specifications before using them for reloading.

5. Final Steps:

- Store the resized cases in a safe and organized manner until you are ready to proceed with the reloading process.

Disposal Instructions

- Dispose of any damaged or unusable cartridge cases according to local regulations for hazardous waste.
- Do not discard spent primers or other reloading materials in regular trash. Follow local guidelines for safe disposal.

Contact Information for Further Support

For any questions or concerns regarding the RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION .308 WINCHESTER FULL LENGTH SIZING DIE, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for your attention to these safety guidelines. Enjoy your reloading experience safely and responsibly!
