

RIFLE FULL LENGTH SIZING DIES ONLY - LEE PRECISION .300 AAC BLACKOUT FULL LENGTH SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

A full-length sizing die is designed to resize the entire length of the cartridge case, not just the neck. Unlike neck-sizing dies, which only resize the neck portion, full-length sizing dies are versatile and suitable for any rifle chambered in the same cartridge. When you fire a cartridge, the brass case expands to fit the chamber of your rifle. After firing, the case contracts slightly, but it may not return to its original dimensions. The full-length sizing die restores the case to the correct dimensions by resizing both the neck and body. It also removes any bulges or irregularities caused during firing. Setting up a full-length sizing die involves several steps: Clean the outside of the fired cases with alcohol and a cloth. Zero out the calipers using a headspace comparator and a fired case. Install the full-length sizing die and adjust it gradually until the case shoulder is bumped back by 0.001 inch. Lock the die and lubricate the cases before sizing them. Check the shoulder bump every 10 cases or so and adjust the die if needed. Avoid overworking the brass to prevent case head separation.

Attributes

- Name: [LEE PRECISION .300 AAC BLACKOUT FULL LENGTH SIZING DIE ONLY](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430109140
- Mfr. No.: 91118
- Cartridge: 300 AAC Blackout
- Die Style: Full Length Sizing Die
- Delivery weight: 0.193kg
- Shipping height: 38mm
- Shipping width: 41mm
- Shipping length: 124mm
- UPC: 734307911188

Safety Instruction Guide for RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION .300 AAC BLACKOUT FULL LENGTH SIZING DIE ONLY

Introduction

Thank you for choosing the RIFLE FULL LENGTH SIZING DIES ONLY from LEE PRECISION. This guide provides essential safety instructions, proper usage, and disposal information to ensure your safety and the effective operation of the product. Please read this guide thoroughly before use.

General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Store the product in a cool, dry place away from direct sunlight.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Wear appropriate safety gear, including eye protection and gloves, when handling the sizing die.
- Ensure that the workspace is clean and free from distractions.
- Avoid overworking the brass to prevent case head separation.
- Handle the product with care to avoid injury from sharp edges or moving parts.
- Do not attempt to modify the sizing die in any way.

Instructions for Installation and Usage

1. Preparation

- Clean the outside of the fired cases with alcohol and a cloth to remove any residue.
- Use a headspace comparator and a fired case to zero out the calipers.

2. Installation of the Sizing Die

- Install the fulllength sizing die into your reloading press.
- Gradually adjust the die until the shoulder of the case is bumped back by 0.001 inch.
- Lock the die in place to ensure it does not move during use.

3. Sizing the Cases

- Lubricate the cases before sizing to prevent sticking in the die.
- Size the cases, checking the shoulder bump every 10 cases to ensure proper adjustment.
- Adjust the die if necessary to maintain the correct shoulder bump.

4. PostUsage Care

- After sizing, clean the die to remove any brass shavings or lubrication.
- Store the die in a safe place to prevent damage.

Disposal Instructions

- Dispose of any unused or discarded materials in accordance with local regulations.
- Recycle brass cases where possible, following local recycling guidelines.

Contact Information for Further Support

For additional support or inquiries regarding safety and usage, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions, you can ensure a safe and effective experience with the RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION .300 AAC BLACKOUT FULL LENGTH SIZING DIE ONLY. Thank you for your attention to safety.
