

RIFLE FULL LENGTH SIZING DIES ONLY - LEE PRECISION .30-06 SPRINGFIELD FULL LENGTH SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

A full-length sizing die is designed to resize the entire length of the cartridge case, not just the neck. Unlike neck-sizing dies, which only resize the neck portion, full-length sizing dies are versatile and suitable for any rifle chambered in the same cartridge. When you fire a cartridge, the brass case expands to fit the chamber of your rifle. After firing, the case contracts slightly, but it may not return to its original dimensions. The full-length sizing die restores the case to the correct dimensions by resizing both the neck and body. It also removes any bulges or irregularities caused during firing. Setting up a full-length sizing die involves several steps: Clean the outside of the fired cases with alcohol and a cloth. Zero out the calipers using a headspace comparator and a fired case. Install the full-length sizing die and adjust it gradually until the case shoulder is bumped back by 0.001 inch. Lock the die and lubricate the cases before sizing them. Check the shoulder bump every 10 cases or so and adjust the die if needed. Avoid overworking the brass to prevent case head separation.

Attributes

- Name: [LEE PRECISION .30-06 SPRINGFIELD FULL LENGTH SIZING DIE ONLY](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430109141
- Mfr. No.: 91079

RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION .3006 SPRINGFIELD FULL LENGTH SIZING DIE ONLY Safety Instruction Guide

Introduction

Thank you for choosing the RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION .3006 SPRINGFIELD FULL LENGTH SIZING DIE. This guide provides essential safety instructions and usage information to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

General Safety Guidelines

- **Product Safety:** This product is designed for safe use. Ensure you follow all guidelines to minimize risks associated with its use.
- **Enhanced Recalls:** If you receive a recall notice regarding this product, please follow the instructions provided for returning or replacing the product.
- **Online Shopping Safety:** When purchasing online, ensure that the retailer complies with safety requirements and provides a secure shopping environment.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the appropriate EU-based contact point.
- **Rapid Alerts:** Stay informed about product safety updates through the EU Safety Gate system.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when handling and using the sizing die.
- Ensure that your workspace is clean and free from clutter to prevent accidents.
- Inspect the sizing die for any damage before use. Do not use if damaged.
- Avoid overworking the brass; excessive resizing can lead to case head separation.
- Do not attempt to modify the sizing die or use it for purposes other than intended.
- Store the sizing die in a secure location when not in use to prevent unauthorized access.

Instructions for Installation and Usage

1. Preparation of Fired Cases:

- Clean the outside of the fired cases using alcohol and a cloth to remove any residue.
- Inspect cases for damage or defects.

2. Setting Up the Sizing Die:

- Zero out your calipers using a headspace comparator and a fired case to ensure accurate measurements.
- Install the fulllength sizing die into your reloading press.
- Gradually adjust the die until the case shoulder is bumped back by 0.001 inch. This ensures proper resizing.

3. Resizing the Cases:

- Lock the die in place after adjustment.
- Lubricate the cases before inserting them into the sizing die to prevent sticking.
- Resize the cases according to your reloading procedure. Check the shoulder bump every 10 cases.

and adjust the die if necessary.

4. PostResizing Inspection:

- After resizing, inspect each case for proper dimensions and any irregularities.
- Discard any cases that do not meet safety standards.

Disposal Instructions

- Dispose of any damaged or unusable cases in accordance with local regulations.
- Do not throw cases or the sizing die in regular household waste. Check for recycling options or designated disposal sites.

Contact Information for Further Support

For any questions or concerns regarding the RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION .3006 SPRINGFIELD FULL LENGTH SIZING DIE, please refer to the appropriate channels for support. Ensure you have the product information available for efficient assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your sizing die. Thank you for your attention to these important safety guidelines.
