

RIFLE FULL LENGTH SIZING DIES ONLY - LEE PRECISION 350 LEGEND FULL LENGTH SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

A full-length sizing die is designed to resize the entire length of the cartridge case, not just the neck. Unlike neck-sizing dies, which only resize the neck portion, full-length sizing dies are versatile and suitable for any rifle chambered in the same cartridge. When you fire a cartridge, the brass case expands to fit the chamber of your rifle. After firing, the case contracts slightly, but it may not return to its original dimensions. The full-length sizing die restores the case to the correct dimensions by resizing both the neck and body. It also removes any bulges or irregularities caused during firing. Setting up a full-length sizing die involves several steps: Clean the outside of the fired cases with alcohol and a cloth. Zero out the calipers using a headspace comparator and a fired case. Install the full-length sizing die and adjust it gradually until the case shoulder is bumped back by 0.001 inch. Lock the die and lubricate the cases before sizing them. Check the shoulder bump every 10 cases or so and adjust the die if needed. Avoid overworking the brass to prevent case head separation.

Attributes

- Name: [LEE PRECISION 350 LEGEND FULL LENGTH SIZING DIE ONLY](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430109149
- Mfr. No.: 91140

Safety Instruction Guide for RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION 350 LEGEND FULL LENGTH SIZING DIE

Introduction

Thank you for choosing the RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION 350 LEGEND FULL LENGTH SIZING DIE. This product is designed to help you resize cartridge cases safely and effectively. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always ensure that you are using the sizing die in a wellventilated area to avoid inhaling any harmful substances.
- Keep the sizing die and all related tools out of reach of children and vulnerable individuals.
- Inspect the sizing die before each use for any damage or irregularities that may pose a safety risk.
- Wear appropriate safety gear, including safety glasses and gloves, to protect yourself from potential hazards.
- Do not use the die for any purpose other than its intended use of resizing cartridge cases.

Specific Safety Precautions for Use

- Ensure that the cartridge cases are clean and free from dirt or debris before sizing.
- Use only the recommended lubrication on the cases to avoid damage during the resizing process.
- Avoid overworking the brass to prevent case head separation, which can lead to dangerous malfunctions.
- Be cautious of sharp edges on the die and handle it with care to prevent cuts or injuries.
- Regularly check the shoulder bump of the cases to ensure proper sizing and avoid excessive adjustments.

Instructions for Installation and Usage

1. Preparation

- Clean the outside of the fired cases with alcohol and a cloth to remove any contaminants.
- Zero out the calipers using a headspace comparator and a fired case to ensure accurate measurements.

2. Installation of the Sizing Die

- Install the fulllength sizing die into your reloading press according to the manufacturer's instructions.
- Gradually adjust the die until the case shoulder is bumped back by 0.001 inch. Ensure that the die is locked in place after adjustment.

3. Sizing the Cases

- Lubricate the cases before sizing to prevent sticking and damage.
- Insert the lubricated case into the sizing die and operate the reloading press to resize the case.
- Check the shoulder bump every 10 cases to ensure consistent sizing. Adjust the die if necessary.

4. PostUsage Care

- After sizing, inspect the cases for any irregularities or damage.
- Clean the sizing die after use to maintain its condition and performance.

Disposal Instructions

- Dispose of any damaged or unusable cartridge cases according to local regulations for hazardous waste.
- Follow local guidelines for the disposal of any lubricants or cleaning agents used during the resizing process.

Contact Information for Further Support

For safety inquiries or additional support regarding the RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION 350 LEGEND FULL LENGTH SIZING DIE, please refer to the contact details provided with the product or on the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION 350 LEGEND FULL LENGTH SIZING DIE. Always prioritize safety and report any unsafe products or incidents to the relevant authorities. Thank you for your attention to safety.
