

RIFLE FULL LENGTH SIZING DIES ONLY - LEE PRECISION .30-30 WINCHESTER FULL LENGTH SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

A full-length sizing die is designed to resize the entire length of the cartridge case, not just the neck. Unlike neck-sizing dies, which only resize the neck portion, full-length sizing dies are versatile and suitable for any rifle chambered in the same cartridge. When you fire a cartridge, the brass case expands to fit the chamber of your rifle. After firing, the case contracts slightly, but it may not return to its original dimensions. The full-length sizing die restores the case to the correct dimensions by resizing both the neck and body. It also removes any bulges or irregularities caused during firing. Setting up a full-length sizing die involves several steps: Clean the outside of the fired cases with alcohol and a cloth. Zero out the calipers using a headspace comparator and a fired case. Install the full-length sizing die and adjust it gradually until the case shoulder is bumped back by 0.001 inch. Lock the die and lubricate the cases before sizing them. Check the shoulder bump every 10 cases or so and adjust the die if needed. Avoid overworking the brass to prevent case head separation.

Attributes

- Name: [LEE PRECISION .30-30 WINCHESTER FULL LENGTH SIZING DIE ONLY](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430109151

Safety Instruction Guide for RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION .3030 WINCHESTER FULL LENGTH SIZING DIE

Introduction

Thank you for choosing the RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION .3030 WINCHESTER FULL LENGTH SIZING DIE. This product is designed to help you resize cartridge cases safely and effectively. Please read this guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure safe use of the fulllength sizing die by following all instructions.
- Be aware of potential hazards associated with the use of reloading equipment.
- Always keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of damage or wear.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear safety glasses when using reloading equipment to protect your eyes from debris.
- Work in a wellventilated area to avoid inhaling any dust or fumes.
- Ensure that your workspace is clean and free of clutter to prevent accidents.
- Do not exceed the recommended adjustments for case resizing to avoid damaging the brass.
- Avoid overworking the brass to prevent case head separation.
- Always handle the die and cartridge cases with care to avoid injury.

Instructions for Installation and Usage

1. Preparation

- Clean the outside of the fired cases with alcohol and a cloth to remove any residue.
- Ensure your workspace is organized and free from distractions.

2. Setting Up the Die

- Zero out the calipers using a headspace comparator and a fired case.
- Install the fulllength sizing die into your reloading press.
- Gradually adjust the die until the case shoulder is bumped back by 0.001 inch.
- Lock the die in place to maintain the adjustment.

3. Lubricating Cases

- Apply a suitable lubricant to the cases before resizing them to prevent sticking.
- Ensure that the lubricant is evenly applied and not excessive.

4. Resizing the Cases

- Insert the lubricated case into the die and operate the reloading press to resize the case.
- Check the shoulder bump every 10 cases or so and make adjustments to the die if necessary.

5. **PostUsage Care**

- Clean the sizing die after use to prevent corrosion and ensure longevity.
- Store the die in a dry, safe place away from direct sunlight.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of brass cases or other materials in regular household waste.
- Check with local recycling centers for proper disposal methods for metal and reloading components.

Contact Information for Further Support

For further assistance or inquiries regarding the RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION .3030 WINCHESTER FULL LENGTH SIZING DIE, please refer to the product packaging or visit the manufacturer's website for more information.

By following these guidelines, you can ensure a safe and effective reloading experience with your fulllength sizing die. Thank you for prioritizing safety and compliance with EU regulations.
