

RIFLE FULL LENGTH SIZING DIES ONLY - LEE PRECISION 6MM CREEDMOOR FULL LENGTH SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

A full-length sizing die is designed to resize the entire length of the cartridge case, not just the neck. Unlike neck-sizing dies, which only resize the neck portion, full-length sizing dies are versatile and suitable for any rifle chambered in the same cartridge. When you fire a cartridge, the brass case expands to fit the chamber of your rifle. After firing, the case contracts slightly, but it may not return to its original dimensions. The full-length sizing die restores the case to the correct dimensions by resizing both the neck and body. It also removes any bulges or irregularities caused during firing. Setting up a full-length sizing die involves several steps: Clean the outside of the fired cases with alcohol and a cloth. Zero out the calipers using a headspace comparator and a fired case. Install the full-length sizing die and adjust it gradually until the case shoulder is bumped back by 0.001 inch. Lock the die and lubricate the cases before sizing them. Check the shoulder bump every 10 cases or so and adjust the die if needed. Avoid overworking the brass to prevent case head separation.

Attributes

- Name: [LEE PRECISION 6MM CREEDMOOR FULL LENGTH SIZING DIE ONLY](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430109153
- Mfr. No.: 91135

Safety Instruction Guide for RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION 6MM CREEDMOOR FULL LENGTH SIZING DIE ONLY

Introduction

Thank you for choosing the RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION 6MM CREEDMOOR FULL LENGTH SIZING DIE. This guide provides essential safety instructions and usage guidelines to ensure a safe and effective experience while using this product. Please read this guide carefully before use.

General Safety Guidelines

- Always ensure that the die is used in accordance with the manufacturer's instructions.
- Keep the die and all related equipment out of reach of children and vulnerable individuals.
- Inspect the die regularly for any signs of damage or wear. Do not use a damaged die.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling brass cases and resizing dies.
- Be aware of your surroundings and ensure that you are working in a safe environment, free from distractions.

Specific Safety Precautions for Use

- **Hazard of Brass Shavings:** When resizing cases, brass shavings may be produced. Wear safety glasses to protect your eyes.
- **Heat Generation:** The resizing process may generate heat. Allow the die and cases to cool before handling.
- **Lubrication:** Always lubricate brass cases before resizing to prevent stuck cases and potential injury.
- **Avoid Overworking Brass:** Do not resize the same case excessively to prevent case head separation.
- **Proper Storage:** Store the die in a dry, safe place when not in use to prevent rust or damage.

Instructions for Installation and Usage

1. Cleaning Cases:

- Clean the outside of the fired cases with alcohol and a cloth to remove dirt and debris.

2. Setting Up the Die:

- Zero out the calipers using a headspace comparator and a fired case.
- Install the fulllength sizing die into your reloading press.
- Adjust the die gradually until the case shoulder is bumped back by 0.001 inch.
- Lock the die in place to maintain the adjustment.

3. Lubricating Cases:

- Apply a light coat of lubricant to the cases before inserting them into the die.

4. Resizing Process:

- Insert the lubricated case into the die and operate the reloading press to resize the case.
- Check the shoulder bump every 10 cases and adjust the die if necessary.

5. PostUsage:

- After resizing, clean the die and remove any brass shavings.
- Store the die properly to prevent any damage.

Disposal Instructions

- Dispose of any damaged or wornout dies according to local regulations.
- Recycle brass cases and other materials where applicable.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For further support, please refer to the product packaging or the manufacturer's website for contact information.

By following these guidelines, you can ensure safe usage of the RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION 6MM CREEDMOOR FULL LENGTH SIZING DIE. Your safety is paramount, and we encourage you to report any unsafe products or incidents to the appropriate authorities. Thank you for your attention to these important safety instructions.
