

# RIFLE FULL LENGTH SIZING DIES ONLY - LEE PRECISION .25-06 REMINGTON FULL LENGTH SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

A full-length sizing die is designed to resize the entire length of the cartridge case, not just the neck. Unlike neck-sizing dies, which only resize the neck portion, full-length sizing dies are versatile and suitable for any rifle chambered in the same cartridge. When you fire a cartridge, the brass case expands to fit the chamber of your rifle. After firing, the case contracts slightly, but it may not return to its original dimensions. The full-length sizing die restores the case to the correct dimensions by resizing both the neck and body. It also removes any bulges or irregularities caused during firing. Setting up a full-length sizing die involves several steps: Clean the outside of the fired cases with alcohol and a cloth. Zero out the calipers using a headspace comparator and a fired case. Install the full-length sizing die and adjust it gradually until the case shoulder is bumped back by 0.001 inch. Lock the die and lubricate the cases before sizing them. Check the shoulder bump every 10 cases or so and adjust the die if needed. Avoid overworking the brass to prevent case head separation.

## Attributes

- Name: [LEE PRECISION .25-06 REMINGTON FULL LENGTH SIZING DIE ONLY](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430109156
- Mfr. No.: 91048
- Cartridge: 25-06 Remington
- Die Style: Full Length Sizing Die
- Delivery weight: 0.193kg
- Shipping height: 38mm
- Shipping width: 41mm
- Shipping length: 124mm
- UPC: 734307910488

# **Safety Instruction Guide for RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION .2506 REMINGTON FULL LENGTH SIZING DIE ONLY**

## **Introduction**

Thank you for choosing the RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION .2506 REMINGTON FULL LENGTH SIZING DIE. This guide provides essential safety instructions and usage guidelines to ensure safe and effective operation of this product. Please read this document carefully before use.

## **General Safety Guidelines**

- **Product Safety:**
  - Ensure safe use of the fulllength sizing die by following all instructions provided.
  - Be aware of potential risks associated with reloading ammunition.
- **Enhanced Recalls:**
  - Stay informed about any product recalls. Refer to the EU Safety Gate platform for updates.
- **Online Shopping:**
  - When purchasing online, ensure that the seller complies with EU safety requirements.
- **Special Consumer Focus:**
  - Extra caution should be taken if the user is inexperienced or if the product is used around children.
- **EU Contact Point:**
  - For safety inquiries, refer to the designated EU contact point for assistance.
- **Rapid Alerts:**
  - Regularly check for updates on unsafe products through the EU Safety Gate system.

## **Specific Safety Precautions for Use**

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when operating the sizing die.
- Ensure the workspace is clean and organized to prevent accidents.
- Keep the fulllength sizing die and all reloading components out of reach of children and unauthorized individuals.
- Inspect all equipment and components for damage before use. Do not use damaged items.
- Avoid overworking brass to prevent case head separation and potential injury.
- Do not exceed manufacturer specifications for resizing and loading ammunition.
- Familiarize yourself with the operation of the sizing die before use.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Clean the outside of the fired cases using alcohol and a cloth to remove any contaminants.

## **2. Setup:**

- Zero out the calipers using a headspace comparator and a fired case to ensure accurate measurements.

## **3. Installation:**

- Install the fulllength sizing die into the reloading press according to the manufacturer's instructions.

## **4. Adjustment:**

- Gradually adjust the die until the case shoulder is bumped back by 0.001 inch. Lock the die in place once the correct adjustment is achieved.

## **5. Lubrication:**

- Lubricate the cases thoroughly before sizing to prevent sticking and damage.

## **6. Sizing Process:**

- Insert the lubricated case into the sizing die and operate the press to resize the case.
- Check the shoulder bump every 10 cases to ensure consistent resizing. Adjust the die if necessary.

## **7. PostUse:**

- After resizing, inspect the cases for any bulges or irregularities.
- Store the sizing die and all components in a safe and dry location.

# **Disposal Instructions**

- Dispose of all used brass cases and any damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods.

# **Contact Information for Further Support**

For any questions or concerns regarding the use of the RIFLE FULL LENGTH SIZING DIES ONLY LEE PRECISION .2506 REMINGTON FULL LENGTH SIZING DIE, please refer to the designated EU contact point for assistance.

By adhering to these safety instructions and guidelines, you can ensure a safe and effective reloading experience. Thank you for prioritizing safety while using this product.
