

# 8.6 BLACKOUT RIFLE BRASS - ALPHA MUNITIONS 8.6 BLACKOUT RIFLE BRASS 100/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

The 8.6mm Blackout cartridge is built on the 6.5 Creedmoor case necked up to shoot a 338 caliber projectile. Works great from any 308 Winchester platform with a quick barrel change. Capable of delivering a 160-225gr bullet at supersonic speeds or a 285-350gr bullet subsonic. Each 8.6 Blackout case produced by Alpha Munitions also incorporates the company's OCD with optimized case head technology, which is designed to lengthen primer pocket life, as well as the life of the case overall, even at higher than normal pressures and velocities. 8.6 Blackout brass utilizes large rifle primers. Each case is packed individually in a plastic flip top case with foam to protect the brass during shipping and once loaded.

# Safety Instruction Guide for 8.6 BLACKOUT RIFLE BRASS

## Introduction

Thank you for choosing the 8.6 BLACKOUT RIFLE BRASS produced by Alpha Munitions. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that all users of this product are familiar with safe handling practices for firearms and ammunition.
- Store ammunition in a cool, dry place away from children and unauthorized users.
- Always verify the compatibility of the ammunition with your firearm before use.
- Regularly check for any signs of damage or wear on both the ammunition and the firearm.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Only use the 8.6 BLACKOUT RIFLE BRASS in firearms that are specifically designed for this caliber.
- Avoid using this ammunition in firearms that are not rated for the pressures generated by supersonic or subsonic loads.
- Always wear appropriate eye and ear protection when using firearms.
- Do not attempt to modify or disassemble the ammunition.
- Handle all ammunition as if it is live and capable of firing.

## Instructions for Installation and Usage

### 1. Loading the Ammunition:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Open the plastic fliptop case and remove the brass cartridges.
- Load the cartridges into the magazine or chamber according to the manufacturer's instructions for your firearm.

### 2. Firing the Ammunition:

- Confirm that the firearm is in good working condition.
- Check the chamber to ensure it is clear of obstructions.
- Aim the firearm at a safe target area and ensure no one is in the line of fire.
- Follow standard operating procedures for firing your firearm.

### 3. After Use:

- Always unload your firearm immediately after use.
- Store any unused ammunition back in the original packaging and in a secure location.
- Clean your firearm according to the manufacturer's guidelines to maintain its performance and safety.

## **Disposal Instructions**

- Dispose of empty brass cases responsibly. Recycle them if possible.
- Do not discard any live ammunition in regular trash. Contact local authorities or a licensed disposal facility for guidance on safe disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the 8.6 BLACKOUT RIFLE BRASS, please reach out to the designated EU contact point provided with your product.

Thank you for your attention to these safety instructions. Your safety is our priority.
