

# 25 GT RIFLE BRASS - ALPHA MUNITIONS 25 GT RIFLE BRASS 100/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

The 25 GT cartridge is built on the 6mm GT case necked up to 25 Caliber. The 25 GT bridges the gap between the 6.5 Creedmoor and the 6 GT cartridge offering lower recoil than the 6.5 Creedmoor but improved ballistics over the 6mm bullets in the 6 GT. Each 25 GT case produced by Alpha Munitions also incorporates the company's OCD with optimized case head technology, which is designed to lengthen primer pocket life, as well as the life of the case overall, even at higher than normal pressures and velocities. 25 GT brass utilizes small rifle primers. Each case is packed individually in a plastic flip top case with foam to protect the brass during shipping and once loaded.

# Safety Instruction Guide for 25 GT Rifle Brass by Alpha Munitions

## Introduction

Thank you for choosing the 25 GT Rifle Brass by Alpha Munitions. This guide provides important safety information and instructions to ensure the safe use and handling of this product. Please read this guide carefully before using the 25 GT Rifle Brass.

## General Safety Guidelines

- **Product Safety:** Always ensure that you are using the 25 GT Rifle Brass in accordance with the manufacturer's guidelines. This product is designed for safe use when handled properly.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices issued for this product. Regularly check for updates on the EU Safety Gate platform.
- **Online Shopping:** If purchased online, ensure that you buy from reputable sources that comply with EU safety regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the appropriate EU contact point as specified by the retailer.
- **Rapid Alerts:** Be aware of any rapid alerts regarding unsafe products, which will be communicated through the Safety Gate system.

## Specific Safety Precautions for Use

- **Handling:** Always handle the brass with care to avoid any physical injury. Do not expose the brass to extreme heat or open flames.
- **Storage:** Store the 25 GT Rifle Brass in a cool, dry place away from direct sunlight and moisture to maintain its integrity.
- **Inspection:** Before use, inspect each case for any signs of damage or defects. Do not use damaged brass.
- **Loading:** Follow all manufacturer guidelines for loading the brass. Ensure that you are using the appropriate small rifle primers.
- **Recoil Management:** Be aware that while the 25 GT offers lower recoil than the 6.5 Creedmoor, it is still important to practice proper shooting techniques to manage recoil effectively.
- **Protective Gear:** Always wear appropriate protective gear, such as safety glasses and hearing protection, when using firearms.

## Instructions for Installation and Usage

- **Preparation:** Ensure you have all necessary tools and equipment ready before loading the brass.
- **Loading the Brass:**
  1. Inspect each case for cleanliness and integrity.
  2. Use small rifle primers as specified.
  3. Follow the recommended loading data for the 25 GT cartridge.
  4. Ensure that the primer is seated properly in the primer pocket.
- **Usage:**
  1. Load the brass into your firearm according to the manufacturer's instructions.
  2. Always check that the firearm is in good working condition before use.
  3. Follow all safety protocols associated with firearm handling and shooting.
- **PostUse:** After use, clean the brass thoroughly to remove any residue. Store the brass safely until the next use.

## Disposal Instructions

- **Recycling:** Once the brass is no longer usable, consider recycling it. Check local regulations for proper recycling methods.
- **Disposal of Damaged Brass:** If the brass is damaged or defective, dispose of it in accordance with local waste management guidelines to ensure environmental safety.

## Contact Information for Further Support

For more information, safety inquiries, or assistance, please refer to the appropriate contact point as specified by the retailer. Always ensure you are following the latest safety guidelines and product updates.

By following these instructions and guidelines, you can ensure the safe and effective use of the 25 GT Rifle Brass. Thank you for your attention to safety.
