

# DAKA BINS 2-PACK 2x2 - MAGPUL DAKA 2X2 BINS 3.6" X 3.6" X 1.8" FDE 2/PACK

[Shooting Accessories](#) > [Gun Storage](#) > [Gun Storage Accessories](#)

DAKA Bins are designed to nest within DAKA GRID Organizer Panels to keep loose parts, gear, ammo, and other items secure inside Magpul DAKA Hard Cases or any case outfitted with the DAKA GRID Organizer. The DAKA Bins come in two sizes to provide flexibility in storage, with a pair of 2x2 DAKA Bins, with each peg on the underside of the Bin locking securely into the GRID Panels. DAKA Bins are made with transparent lids for easy contents identification, and the reinforced lid snap tabs lock securely with the Bin side tabs to keep the Bins closed. For further organization, paint-pen dot matrix panels on the lids give users additional identification capability for GRID organization. Aside from the durable lids, the DAKA Bins themselves are made from sturdy polypropylene and designed for rugged use with 0.1" thick walls to protect whatever is placed inside. The DAKA Bins come in Black, FDE, and Red, so the DAKA Bins' colors can also be used as coding for those who may need quick visual confirmation of the contents. We also made our DAKA Bins so they're equally at home outside of the DAKA GRID Organizer on your workbench or wherever you use them. Each pack comes with two (2) 2X2 Bins. Reinforced lid snap tabs lock on Bin body to secure parts, tools, and other small items. Nests into DAKA GRID Base Panels. Transparent lid for easy content identification and organization. Stackable and functional outside of the DAKA GRID Organizer. Made from durable, chemical-resistant polypropylene material. COMPATIBILITY DAKA GRID Organizer Base. Two (2) DAKA Bins/qty.

# DAKA BINS 2PACK Safety Instructions

## Introduction

Thank you for choosing the DAKA BINS 2PACK. These bins are designed for secure organization and storage of loose parts, gear, and other items. This safety instruction guide provides essential information to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in the product documentation.
- Keep DAKA BINS out of reach of children to prevent accidental injury or misuse.
- Inspect the bins regularly for any signs of damage or wear. Do not use damaged bins.
- Do not overload the bins beyond their intended capacity to avoid breakage or injury.
- Store the bins in a dry location to prevent deterioration of materials.
- In case of any malfunction or safety concerns, discontinue use immediately and seek further assistance.

## Specific Safety Precautions for Use

- When stacking bins, ensure they are stable and secure to prevent tipping.
- Use caution when handling bins with small items to avoid choking hazards, especially around children.
- Avoid exposure to extreme temperatures or harsh chemicals that may damage the polypropylene material.
- Ensure that the lid snap tabs are fully engaged before carrying or moving the bins to prevent accidental opening.
- If using the bins outdoors, ensure they are placed on a stable surface to prevent sliding or falling.

## Instructions for Installation and Usage

### 1. Unboxing:

- Carefully remove the DAKA BINS from the packaging.
- Inspect each bin for any visible damage or defects.

### 2. Nesting the Bins:

- Align the pegs on the underside of the DAKA BINS with the holes in the DAKA GRID Organizer Panels.
- Press down firmly until the pegs lock securely into place.

### 3. Filling the Bins:

- Place items inside the bins, ensuring not to exceed the recommended weight limit.
- Use the transparent lid for easy identification of contents.

### 4. Stacking Bins:

- If stacking, ensure that the bottom bin is on a flat surface.
- Place additional bins directly on top, ensuring they are aligned properly.

### 5. Removing Bins:

- To remove a bin from the GRID Organizer, gently lift it upwards, ensuring that the pegs disengage from the panel.

## **6. Maintenance:**

- Clean the bins with a damp cloth and mild detergent as needed.
- Avoid abrasive cleaners that may scratch the surface.

## **Disposal Instructions**

- Dispose of the DAKA BINS in accordance with local waste management regulations.
- If the bins are no longer usable, consider recycling the polypropylene material where facilities are available.
- Do not incinerate the bins, as this may release harmful substances.

## **Contact Information for Further Support**

For any safety inquiries, concerns, or additional support, please refer to the manufacturer's contact details provided with the product packaging or visit the official website.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with your DAKA BINS 2PACK. For any further questions or concerns regarding safety or usage, please consult the appropriate resources. Thank you for prioritizing safety in your organization and storage needs.
