

DAKA® GRID ORGANIZER FOR PELICAN™ V770 VAULT - DAKA GRID ORGANIZER FOR PELICAN V770 VAULT

Magpul's DAKA GRID Organizer is a fully customizable drop-in organizational solution that secures and protects your important equipment when it's stored or transported in your existing hard case. Specifically designed to fit Pelican™ V770 Vault gun cases, the GRID Organizer is completely reconfigurable to meet your storage needs. Individual Expanded Polypropylene (EPP) Panels and Blocks nest together securely to maximize protection, versatility, and ease-of-use. They can be organized to brace and immobilize rifles, optics, ammunition, accessories, and other gear, and they can be quickly removed and reinstalled for your next loadout. The lightweight GRID system uses compression to immobilize and compartmentalize your gear, firmly holding it in place and providing advanced protection during transport. The result is less movement and better impact resistance for your gear than you'll get from current open cell foam options that can let your gear slide around inside your case during transport. Also, the GRID's EPP make up doesn't absorb contaminants like open cell foam does, providing resistance to liquid and chemical intrusion and mitigating contamination of your gear. Cleaning up dirt, chemicals, and liquids is easy with just a damp cloth. Offering numerous advantages over traditional foam and expensive laser-cut inserts, the GRID provides intuitive, modular organization at your fingertips. It's reconfigurable without tools, so it can be adapted to your loadout in seconds. If you're carrying wider or taller equipment, a center GRID Panel can also be removed to open up space for objects approximately 4.25" inches wide. If you end up needing to cut a Panel to create a unique cavity for wider gear, the EPP cuts smoothly and doesn't lose its strength or ability to protect your important equipment. For unique equipment loading techniques, see Magpul's Getting The Best Fit video and others in the Resources tab. Simple to configure, stronger than foam, and versatile enough to change with every loadout, the DAKA GRID Organizer lets you use every inch of your case to store and securely carry your gear the way you want. Includes GRID base Panels, six triple Blocks, six double Blocks, and replacement base foam. EASILY ADDED TO POPULAR PELICAN™ V770 VAULT CASES EPP Panels and Blocks quickly replace current internal setup GRID system holds your gear securely and protects better than foam sheets Not just for firearms; can be used for all types of gear LIGHTWEIGHT AND EASY TO USE EPP construction is lighter and stronger than traditional foam Endlessly customizable and no tools required Unique gear loadouts set up in seconds BETTER PROTECTION THAN YOUR OLD FOAM GRID is stronger than open cell foam, holds your gear in place, and protects better from impacts Resists absorbing liquids and chemicals and easy to clean with a damp cloth Good temperature stability VERSATILE AND ENDLESSLY CUSTOMIZABLE GRID Block arrangement lets you maximize the use of all of your space Ability to reconfigure the GRID means no cutting or plucking of foam that leaves you with one fixed configuration

DAKA GRID ORGANIZER FOR PELICAN V770 VAULT

Safety Instruction Guide

Introduction

Thank you for choosing the DAKA GRID Organizer for your Pelican V770 Vault case. This guide provides essential safety instructions to ensure the safe use and optimal performance of your product. Please read this guide carefully before using the organizer.

General Safety Guidelines

- **Product Safety:** Ensure that the DAKA GRID Organizer is used only for its intended purpose to avoid potential hazards.
- **Enhanced Recalls:** Stay informed about any product recalls or safety notices. You can check updates through the EU's Safety Gate platform.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with safety regulations.
- **Special Consumer Focus:** This product is not intended for children. Keep out of reach of minors.
- **EU Contact Point:** For safety inquiries, please refer to the EU-based contact information provided by the retailer.
- **Rapid Alerts:** Monitor the Safety Gate system for quick updates regarding unsafe products.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The DAKA GRID Organizer is designed to secure equipment. Improper use may lead to equipment damage or personal injury.
 - Ensure that all items stored within the organizer are compatible and do not exceed weight limits to prevent collapse.
- **Avoiding Hazards:**
 - Do not overload the organizer beyond its intended capacity.
 - Regularly inspect the organizer for any signs of wear or damage, and replace if necessary.
 - Avoid exposure to extreme temperatures, which may affect the integrity of the EPP material.
- **Age-Specific Warnings:**
 - This product is not designed for use by individuals under the age of 18. Keep it away from children to prevent accidents.

Instructions for Installation and Usage

1. Installation:

- Open the Pelican V770 Vault case and remove any existing foam or internal setup.
- Place the GRID base panels into the case, ensuring they fit securely.
- Arrange the EPP panels and blocks according to your specific storage needs. The panels can be nested together for optimal space utilization.

2. Usage:

- Load your equipment onto the GRID Organizer. Ensure that items are properly braced and

immobilized.

- Adjust the configuration as needed without the use of tools. The EPP panels can be easily removed and reconfigured.
- If necessary, cut the EPP panels to create unique cavities for larger items. Ensure cuts are clean to maintain structural integrity.

3. Maintenance:

- Clean the GRID Organizer regularly using a damp cloth. Avoid using harsh chemicals that may damage the EPP material.
- Inspect the organizer periodically for any signs of wear and replace as needed to maintain safety and performance.

Disposal Instructions

- Dispose of the DAKA GRID Organizer in accordance with local regulations.
- EPP material is recyclable; check with local recycling facilities for proper disposal methods.
- Do not incinerate the product, as this may release harmful substances.

Contact Information for Further Support

For any questions or concerns regarding the DAKA GRID Organizer, please refer to the retailer or manufacturer for assistance. Ensure you have the product details and any relevant information ready for a more efficient support experience.

Thank you for following these safety guidelines. Enjoy the benefits of your DAKA GRID Organizer!

Bruksanvisning for DAKA® GRID ORGANIZER FOR PELICAN V770 VAULT

Generelle sikkerhetsretningslinjer

- **Sikkerhet først:** Sørg for at produktet er i god stand før bruk. Kontroller for skader eller mangler.
- **Aldersgrense:** Produktet er ikke beregnet for barn under 14 år uten tilsyn av en voksen.
- **Bruk kun som angitt:** Følg alltid bruksanvisningen for å unngå skader eller ulykker.
- **Rett oppbevaring:** Oppbevar produktet på et tørt sted, borte fra direkte sollys og fuktighet.
- **Unngå kontakt med skarpe gjenstander:** Unngå å bruke produktet i nærheten av skarpe gjenstander som kan skade materialet.

Spesifikke sikkerhetstiltak ved bruk

- **Sjekk utstyret:** Før du bruker GRIDorganizeren, sørg for at alt utstyr er sikkert festet og at det ikke er noen løse deler.
- **Unngå overbelastning:** Ikke overfyll organisatoren. Følg produsentens anbefalinger for maksimal belastning.
- **Transport:** Når du transporterer kassen, sørg for at den er lukket og sikret for å forhindre at innholdet beveger seg.
- **Rengjøring:** Bruk en fuktig klut for å rengjøre EPPmaterialet. Unngå sterke kjemikalier som kan skade materialet.

Instruksjoner for installasjon og bruk

1. Montering av GRIDorganizer:

- Plasser bunnpanelet i bunnen av Pelican V770 Vault.
- Velg ønskede EPPpaneler og blokker.
- Fest panelene og blokkene ved å nest dem sammen i ønsket konfigurasjon.
- Kontroller at alle deler sitter sikkert.

2. Tilpassing:

- For å tilpasse oppsettet, fjern og flytt paneler og blokker etter behov.
- Juster konfigurasjonen for å imøtekomme ulike typer utstyr, inkludert rifler, optikk, og tilbehør.

3. Fjerning av paneler:

- For å fjerne et midt GRIDpanel, løft det forsiktig ut av oppsettet.
- Kutt EPPpaneler hvis nødvendig for å lage spesifikke hulrom for bredere utstyr. Sørg for å bruke en skarp kniv og vær forsiktig for å unngå skader.

Avfallsinstruksjoner

Når produktet er utløpt eller ikke lenger er i bruk, vennligst avhende det på en miljøvennlig måte:

- **Resirkulering:** EPPmaterialet kan resirkuleres. Sjekk lokale retningslinjer for resirkulering av plast.
- **Avfallshåndtering:** Hvis produktet ikke kan resirkuleres, kast det i henhold til lokale avfallsregler.
