

DAKA® GRID ORGANIZER FOR PLANO®! ALL WEATHER 2"! 36 IN. - MAGPUL DAKA GRID ORGANIZER FOR PLANO ALL WEATHER 2 36"

[Shooting Accessories](#) > [Gun Storage](#) > [Gun Storage Accessories](#)

Magpul's DAKA GRID Organizer is a fully customizable drop-in organizational solution that secures and protects your important equipment when it's stored or transported in your existing hard case. Specifically designed to fit Plano™ 36" All Weather 2™ and Rusticator™ gun cases, the GRID Organizer is completely reconfigurable to meet your storage needs. Individual Expanded Polypropylene (EPP) Panels and Blocks nest together securely to maximize protection, versatility, and ease-of-use. They can be organized to brace and immobilize rifles, optics, ammunition, accessories, and other gear, and they can be quickly removed and reinstalled for your next loadout. The lightweight GRID system uses compression to immobilize and compartmentalize your gear, firmly holding it in place and providing advanced protection during transport. The result is less movement and better impact resistance for your gear than you'll get from current open cell foam options that can let your gear slide around inside your case during transport. Also, the GRID's EPP make up doesn't absorb contaminants like open cell foam does, providing resistance to liquid and chemical intrusion and mitigating contamination of your gear. Cleaning up dirt, chemicals, and liquids is easy with just a damp cloth. Offering numerous advantages over traditional foam and expensive laser-cut inserts, the GRID provides intuitive, modular organization at your fingertips. It's reconfigurable without tools, so it can be adapted to your loadout in seconds. If you're carrying wider or taller equipment, a center GRID Panel can also be removed to open up space for objects approximately 4.25" inches wide. If you end up needing to cut a Panel to create a unique cavity for wider gear, the EPP cuts smoothly and doesn't lose its strength or ability to protect your important equipment. For unique equipment loading techniques, see Magpul's Getting The Best Fit video and others in the Resources tab. Simple to configure, stronger than foam, and versatile enough to change with every loadout, the DAKA GRID Organizer lets you use every inch of your case to store and securely carry your gear the way you want. Includes GRID base Panels, six triple Blocks, six double Blocks, and replacement base foam. EASILY ADDED TO POPULAR PLANO 36" AW2 AND RUSTRICTOR CASES EPP Panels and Blocks quickly replace current internal setup GRID system holds your gear securely and protects better than foam sheets Not just for firearms; can be used for all types of gear LIGHTWEIGHT AND EASY TO USE EPP construction is lighter and stronger than traditional foam Endlessly customizable and no tools required Unique gear loadouts set up in seconds BETTER PROTECTION THAN YOUR OLD FOAM GRID is stronger than open cell foam, holds your gear in place, and protects better from impacts Resists absorbing liquids and chemicals and easy to clean with a damp cloth Good temperature stability VERSATILE AND ENDLESSLY CUSTOMIZABLE GRID Block arrangement lets you maximize the use of all of your space Ability to reconfigure the GRID means no cutting or plucking of foam that leaves you with one fixed configuration

DAKA GRID ORGANIZER FOR PLANO Safety Instructions

Introduction

Thank you for choosing the DAKA GRID Organizer for Plano. This product is designed to provide a customizable and secure storage solution for your equipment. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the DAKA GRID Organizer as intended, following the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check the DAKA GRID Organizer for signs of wear or damage. Do not use if damaged.
- Ensure that the organizer is securely installed within your hard case before transporting your equipment.
- Avoid exposing the GRID Organizer to extreme temperatures or harsh chemicals that could compromise its integrity.

Specific Safety Precautions for Use

- **Handling and Storage:**
 - Always wear protective gloves when handling sharp objects or equipment stored in the organizer.
 - Ensure that all items stored in the organizer are secure and will not shift during transport.
- **Transporting Equipment:**
 - When transporting firearms or other sensitive items, ensure they are properly immobilized within the GRID Organizer.
 - Do not overload the organizer beyond its intended capacity, as this may lead to damage or injury.
- **Cleaning and Maintenance:**
 - Use a damp cloth to clean the organizer. Avoid using abrasive cleaners that could damage the material.
 - Regularly inspect the EPP Panels and Blocks for dirt, chemicals, or liquids that may have accumulated.

Instructions for Installation and Usage

- **Installation:**
 1. Open your Plano hard case and remove any existing internal setup.
 2. Place the GRID base Panels in the desired configuration inside the case.
 3. Insert the triple and double Blocks to create compartments for your gear.
 4. Ensure all components are securely nested together for maximum stability.
- **Usage:**
 - Organize your gear by placing rifles, optics, ammunition, and accessories within the compartments created by the GRID system.
 - If necessary, remove a center GRID Panel to accommodate wider items (up to 4.25 inches).
 - For unique configurations, the EPP Panels can be cut to create custom cavities without losing protective strength.
 - After configuring, ensure that all items are securely held in place before closing the case.

Disposal Instructions

- Dispose of the DAKA GRID Organizer responsibly by following local waste management regulations.
- EPP material can often be recycled. Check with your local recycling facility for specific instructions.
- Do not dispose of the product in regular household waste if it is still functional; consider donating it to a local organization.

Contact Information for Further Support

For any inquiries regarding safety or product use, please reach out to the manufacturer's customer service or refer to the resources provided with your product.

By following these guidelines, you can ensure a safe and effective use of the DAKA GRID Organizer for Plano. Thank you for prioritizing safety and responsible equipment management.
