

# DAKA® GRID ORGANIZER FOR PELICAN™ 1700 PROTECTOR - MAGPUL DAKA GRID ORGANIZER FOR PELICAN 1700 PROTECTOR

[Shooting Accessories](#) > [Gun Storage](#) > [Gun Storage Accessories](#)

Magpul's DAKA GRID Organizer is a fully customizable drop-in organizational solution that secures and protects your important equipment when it's stored or transported in your existing hard case. Specifically designed to fit the Pelican™ 1700 Protector case and Eylar® 38" case, the GRID Organizer is completely reconfigurable to meet your storage needs. Individual Expanded Polypropylene (EPP) Panels and Blocks nest together securely to maximize protection, versatility, and ease-of-use. They can be organized to brace and immobilize rifles, optics, ammunition, accessories, and other gear, and they can be quickly removed and reinstalled for your next loadout. The lightweight GRID system uses compression to immobilize and compartmentalize your gear, firmly holding it in place and providing advanced protection during transport. The result is less movement and better impact resistance for your gear than you'll get from current open cell foam options that can let your gear slide around inside your case during transport. Also, the GRID's EPP make up doesn't absorb contaminants like open cell foam does, providing resistance to liquid and chemical intrusion and mitigating contamination of your gear. Cleaning up dirt, chemicals, and liquids is easy with just a damp cloth. Offering numerous advantages over traditional foam and expensive laser-cut inserts, the GRID provides intuitive, modular organization at your fingertips. It's reconfigurable without tools, so it can be adapted to your loadout in seconds. If you're carrying wider or taller equipment, a center GRID Panel can also be removed to open up space for objects approximately 4.25" inches wide. If you end up needing to cut a Panel to create a unique cavity for wider gear, the EPP cuts smoothly and doesn't lose its strength or ability to protect your important equipment. For unique equipment loading techniques, see Magpul's Getting The Best Fit video and others in the Resources tab. Simple to configure, stronger than foam, and versatile enough to change with every loadout, the DAKA GRID Organizer lets you use every inch of your case to store and securely carry your gear the way you want. Includes GRID base Panels, six triple Blocks, six double Blocks, and replacement base foam. EASILY ADDED TO POPULAR 1700 PROTECTOR AND EYLAR 38" CASES EPP Panels and Blocks quickly replace current internal setup GRID system holds your gear securely and protects better than foam sheets Not just for firearms; can be used for all types of gear LIGHTWEIGHT AND EASY TO USE EPP construction is lighter and stronger than traditional foam Endlessly customizable and no tools required Unique gear loadouts set up in seconds BETTER PROTECTION THAN YOUR OLD FOAM GRID is stronger than open cell foam, holds your gear in place, and protects better from impacts Resists absorbing liquids and chemicals and easy to clean with a damp cloth Good temperature stability VERSATILE AND ENDLESSLY CUSTOMIZABLE GRID Block arrangement lets you maximize the use of all of your space Ability to reconfigure the GRID means no cutting or plucking of foam that leaves you with one fixed configuration

## Attributes

# DAKA® GRID ORGANIZER FOR PELICAN 1700 PROTECTOR Safety Instruction Guide

## Introduction

Thank you for choosing the DAKA® GRID Organizer for your Pelican 1700 Protector case. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide carefully before using the DAKA GRID Organizer.

## General Safety Guidelines

- **Product Safety:** Ensure the safe use of the DAKA GRID Organizer by following all instructions provided in this guide. The product is designed to protect your equipment during storage and transport.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to the DAKA GRID Organizer. Regularly check the EU's Safety Gate platform for updates.
- **Online Shopping Protections:** If purchased online, ensure the seller complies with EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of children to prevent potential hazards.
- **EU Contact Point:** For safety inquiries, refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Be aware of any updates regarding unsafe products through the Safety Gate system.

## Specific Safety Precautions for Use

- **Installation Precautions:**
  - Ensure that the GRID Organizer is compatible with the Pelican 1700 Protector case before installation.
  - Inspect all components for damage before use.
- **Usage Precautions:**
  - Do not overload the GRID Organizer beyond its intended capacity.
  - Ensure that all gear is securely held in place to prevent movement during transport.
  - Avoid using the GRID Organizer for hazardous materials or items that may cause injury.
- **Cleaning Precautions:**
  - Clean the GRID Organizer with a damp cloth only. Do not use harsh chemicals or abrasive materials.
  - Allow the organizer to dry completely before storing it.

## Instructions for Installation and Usage

### 1. Installation:

- Open the Pelican 1700 Protector case and remove any existing foam or inserts.
- Place the GRID base panels into the case, ensuring they fit securely.
- Arrange the EPP panels and blocks according to your storage needs.
- Ensure that all components are properly nested and secured.

### 2. Usage:

- Load your gear into the GRID Organizer, ensuring that all items are immobilized and secured.
- If necessary, remove or reposition the center GRID panel to accommodate larger items.
- Regularly check the arrangement to ensure that all gear remains secure during transport.

### **3. Maintenance:**

- Periodically inspect the GRID Organizer for signs of wear or damage.
- Replace any damaged components immediately to maintain safety and effectiveness.

## **Disposal Instructions**

- Dispose of the DAKA GRID Organizer and its components in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options available in your area.

## **Contact Information for Further Support**

For any additional questions or support regarding the DAKA GRID Organizer, please refer to the contact information provided by your retailer or manufacturer.

By following these guidelines, you can ensure the safe and effective use of your DAKA GRID Organizer, maximizing its benefits while minimizing potential hazards. Thank you for your attention to safety!
